SPECIFICATIONS

Overview

Reel Angel is a great example of a boat that is kept up right. Professionally maintained by Coastal Marine Detailing year 'round, she stays in a perpetual state of cleanliness. She is powered by a pair of low hour and constantly maintained 465 hp Cummins and is economical, dependable and offers a nice ride. With a roomy tower, a well laid out interior, an air conditioned helm and ample electronics and fishing setup, this boat brings a lot to the table in the 35-40 class of express boats. She's the most affordable '04 on the market and the only one with this great power package. The current owner has done a great job keeping her looking good and performing well, making the Reel Angel one of the the best options going if you are looking for real value in your next boat. She lives at the foot of D-dock at Pirate's Cove Marina in Manteo, NC. Come check her out and if a mid size express is what you're after, you'll like what you see.

Displacement: 24000 Pounds

Accommodations

Total Heads: 1

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Cummins

Model: 6CTA 480CE

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Manufacturer Description

The Rampage 38 Express has been designed and solidly built specifically to handle rough weather. The hull is made of solid fibreglass and features double bulkhead construction providing superior durability and insulating qualities. The center console helm is hinged for easy access to wiring and features full instrumentation with plenty of room for optional electronics, a high windshield with an electrically actuated center-vent, and spacious L-shaped seating. This boat has great fishability with two giant fish boxes, a custom 55-gallon baitwell, and a swing-out transom door with top lid. Two built-in tackle centers offer a total of eight, large slide-out storage drawers with adjustable dividers, gasketed and lockable covers, a molded fiberglass sink with spray nozzle, a cutting board, and a cooler box. The 38 Express is also quick to plane thanks to her efficient 19-degree deep-V hull. With a 400-gallon fuel capacity, this boat offers excellent cruising range. A power actuated engine hatch makes engine inspections and service easy, and features double electric rams, a full fiberglass liner, and diamond plate flooring. Belowdecks, the 38 Express features cherry wood finish and gold hardware throughout; a U-shaped dinette that converts to a second double berth; a spacious and comfortable forward double V-berth with rod storage; a well-equipped galley with stainless steel sink, refrigerator, microwave / convection oven, and ample storage; and a full-sized head featuring a tile floor, a separate standup shower with circular door, and a built-in vanity with sink, and storage.

Hull and Deck

- Vinyloester resin barrier coat
- Molded fiberglass construction using premium polyester resin and bi-axial stitched fabric reinforcement
- Solid fiberglass hull bottom with cored hull sides relieved at all thru-hull fittings
- Double-stringer bulkhead construction
- Anti-fouling bottom coating including epoxy primer, sealer and ablative top coat
- 316 stainless steel hull side through-hull fittings
- Bronze underwater through-hull fittings
