## Overview

---

The 20' Com Pac offers enviable versatility for ease of use. She can be stored on her trailer for low off season convenience or in the water year round for continuing usage and pleasure. Her shallow draft opens up almost all harbors for comfortable gunk holing wherever there is scenic beauty or peace and quiet. Her sturdy in board Westerbeke diesel avoids the extra care of outboard maintenance and ease of handling under power. Just press a button and go or stop. Storage is not inhibited by maintaining rigging during the off season since one man can lower the mast and store it on board. If you have always wanted to explore an interesting stream precluded by a low bridge the mast can easily be lowered and raised for some real inland cruising Holland style. The interior of the vessel proffers all needed cruising amenities for a longer trip while the cockpit is wide and spacious with the comfort of easy wheel steering. The centerboard can also be controlled from the helm to help navigate in really shoal areas Easily viewed in the water in Punta Gorda by appointment.
