SPECIFICATIONS

Overview

“BARBIE D” is an absolutely gorgeous 2008 75’ Lazzara LSX. She was originally built by a very experienced yachting family and her specification shows this throughout. As you approach “BARBIE D” you will immediately notice her excellent condition and sleek lines which make her, without a question one of the sexiest yachts on the water. Her exterior is loaded with features to satisfy every lifestyle of yachting including: multiple sunpads, teak decking, an exterior bar, an amazing exterior sound system, updated exterior LED lighting, and a sports transom for the tender and dive gear. She also has an ample amount of exterior seating that will accommodate large parties. Her intelligent interior layout features four staterooms for her owner and guests as well as a crew cabin aft. Each cabin has an ensuite head and there is a day head located in the saloon for a total of six. Her open and airy salon features a 65” LG OLED television, new custom sofas, a day head, and a bar aft. As you move forward of the saloon you come to her helm station with a full compliment of electronics. This helm is an excellent area as it even has a full sliding sunroof for the beautiful days at sea. Forward of the helm you go down a few stairs to her atrium galley area. The galley has a double tall ceiling which creates an atrium that feels like a NY loft on the water. You will also find full size galley appliances and a u-shaped dining table with seating for 8 as well as a bar. “BARBIE D” has been impeccably maintained from a mechanical and yacht maintenance perspective as well. She is equipped with four Volvo IPS 600 engine and drive systems. All four of her drives as well as her number four engine are currently under Volvo warranty. She has completed many recent services including engines, generators, bottom job, teak refinished and much more.

“BARBIE D” Recent improvements and maintenances:

- 4 New drives with warranty until February 2020
- New number 4 Engine with warranty until Jun 2020
- New 385 Williams turbojet tender in 2018 \$45k spent
- Haul out with bottom job completed 3/19
- All new salon furniture and soft goods
- Two (2) single custom diamond stitched leather fully adjustable electric helm chairs
- Exterior polished and waxed 5/19
- Teak refreshed on entire exterior 5/19
- Engine room painted 5/19
- Engines and generators recently serviced 4/19
- New exterior cushions
- Transom up/down platform fully serviced including new rams and hydraulic lines
- Aft deck railings are custom done in a carbon fiber wrap
- New freshwater pump
- Vessel sound system has been upgraded to high end Bose units all around with

over \$50k spent

- Majilite overhead panels with foam backing
- Blinds over window
- "Horizon" panoramic windows
- Direct and indirect lighting
- Receptacle: 120 VAC duplex

Aft Crew Stateroom

AFT CREW STATEROOM

- Access to engine room
- Access to main deck
- Bunk, lower with storage below
- Bunk, upper
- Flooring,
- Lighting, low voltage AC halogen
- Outlets, 120V GFI protected
- Storage, drawers

AFT CREW STATEROOM HEAD

- Headhunter marine toilet
- Shower and sink
- 120 vac duplex receptacles (GFI protected)

Forward Equipment Room

- Fresh water system- filters
- Access to forward stairs
- Access to AC units
- Access to isolation transformer
- Lighting/storage available
- Black water overboard discharge valve and pump

Mechanical

Air Conditioning System

- Six zone 92,000 BTU air conditioning system with air handlers and thermostats for each zone; touch pad controls
- Insulated copper piping supply and return lines
- Individual head exhaust fans

Bilge System

- 24 VDC automatic bilge pumps (1 aft, 1 fwd., 1 engine room)
- 24 VDC high-water alarm (1 aft, 1 fwd. 1 engine room)
- Two (2) Emergency bilge pumps, engine driven

Black Water System

- 100 US gallon black water storage tank
- Headhunter toilets
- Holding tank level indicator
- Dockside and pump out overboard

Grey Water System

- Sump box w/pump, 24V-shower/drains
- Sump box w/pump-air conditioning condensate drains

Control & Instruments, Main Engines

- Volvo display all engines
- Station transfer panels
- Shift & throttle controls, electronic with engine sync
- Volvo joystick control for docking and slow speed maneuverability
- Volvo electronic steering
- Key switch start/stop
- Cockpit control station
- Joystick control Volvo
- Station transfer panels
- Start/stop panels

Engine Room

- Four (4) Volvo IPS 600 engines and drives
- 27.5 KW Onan generator with sound shields
- 1200 GPD Sea Recovery watermaker

- Volvo IPS control center
- Six (6) Underwater lights
- Led backlighting for engines
- Hookah diving/swimming rig for breathing underwater attached to vessel
- Flooring, metal diamond plate painted white
- Volvo control panel for engines and drives
- Lazzara engineered "Ultra Sound®" engine room system
- Start/stop panels
- Station transfer panels
- Alarms
- Displays engine functions
- Freshwater hose & spigot
- Aft deck access
- Forward engine room stateroom access
- Lazzara engineered "ultra sound®" engine room
- Powered ventilation system
- Oil change system
- Fire suppression system - automatic with engine shutdown, override and manual pull

Fresh Water System

- 200 US gallon potable water tank: FDA approved
- 1200 GPD Sea Recovery watermaker
- Aft deck shower - hot and cold
- Pressure water, MARC 5 240V w/24V back-up pump Diaphragm (Shurflow®)
- Water filtration system
- Water heater, 240V (30 gallon)
- Individual station water maintenance shutoff
- Anchor/foredeck wash down system - fresh water
- Aft wash down system
- Aft cockpit shower
- Dockside water inlet-aft deck

Fuel System

- 830-gallon fuel tank
- Four (4) fuel decontaminators
- Fuel filters:
 - 1 x 30 micron
 - 4 x 10 micron
 - 4 X FG/900
- Two (2) priming pumps electric

- Four (4) priming pump motors

Electrical Systems

Exterior Lighting

- Overhead lights aft deck
- Navigation Lights:
- Forward steaming light
- Port I Starboard side running lights
- Stem running light
- Anchor light
- Exterior deck lights
- Aft deck, transom stairs
- Boat deck lighting
- Searchlight, chrome

Shore Power

- Glendinning cablemaster @ 100
- Amp/240V/60 cycle w/75' cord and wireless remote
- Isolation transformer, 240V/24 KVNIOO Amp
- Switchboards, Load Banks & Control Panels
- Batteries, (AGM) Group 31):
- 2 GPL 31 OOT for generator
- 8 GPL 31OOT/M for engines
- 2-GPL 40L for house
- Two (2) battery chargers (40 Amp Charles Chargers)
- Panel, AC main selector- 240V
- Panel, main distribution - AC/DC
- Lazzara engineered engine room DC distribution panel
- "Power Touch" load management control system

Wire and Cables

- All wire to approved specifications
- All cables marked with circuit number
- Wire chase runs throughout

ELECTRONICS SYSTEMS

- Alarms/Monitors
- Lazzara 64-channel ISIS 500 vessel monitoring system, including:
- Dynamic diagnostics
- One (1) 15" LCD monitor

- ECM output from engine monitor/alarm electronics
- Generator systems alarm/monitoring
- Tank level readout and alarms
- Fire Zone Alarm for engine room
- Bilge Alarms and pump run indication
- Auto fire discharge alarm
- Volvo engine alarms

Main Deck Outfitting

- Anchor and Anchor Handling
- Anchor, stainless steel
- Anchor chain storage in forepeak locker
- Anchor chute, stainless steel
- Anchor wash down spigot with hose
- Hydraulic Windlass, chain with control
- Air Horn
- Bose speaker system around exterior
- Windshield wiper system 24 vdc I
- Lazzara custom 16" bow, spring and stem cleats, 316L stainless steel
- 1 W' stainless 316L steel rails on main deck
- Burgee staff, custom stainless steel, with burgee flag
- Forward hatch to bow cabin
- Acrylic panel with stainless steel LSX logo, fiber optic edge lit
- Logo, stainless steel
- Bulwark boarding doors port and starboard
- Stainless steel (316L) round hand rails on all exterior decks
- Boarding ladder with handrail
- Solid PVC rubrail with stainless steel insert
- Swim ladder system
- Aft stateroom ladder
- Teak aft deck and swim platform deck

Doors and Hatches

- Weather-tight engine room access
- Crew access hatch
- Foredeck access hatch
- Stainless steel aft main salon sliding door
- Aft deck bar with remote controlled hydraulic lift window
- Aft garage door hydraulically actuated
- Sliding hydraulic hardtop

Aft Deck

- Aft deck wood bar top with electric up/down window to salon bar
- Aft deck docking station, Volvo IPS joystick with high and low speed settings
- Crestron control system for lighting, audio, and video. IPAD to control Crestron vessel system
- Bose audio system
- Flooring, teak
- Lighting, indirect
- Aft stateroom access hatch
- Teak steps, star board access hatch for engine room
- Storage, side panels - port
- Wood table in cockpit
- Speakers, overhead
- Overhead cockpit lights
- Low level courtesy lights
- Aft deck bar with stools
- Stainless steel baby gates
- EPIRB mounted on port side bulwark
- Storage compartments
- LSX logo engraved on abrasion resistant acrylic panel with stainless steel frame
- Station transfer panels
- Start/stop panels

Aft Sport Deck

- Hydraulically operated garage door
- Garage to store tender – Nearly new Williams 385 turbojet in garage \$45k
- Fresh water inlet
- Cable TV/phone connection
- Retractable cleats for tender
- Shore power cord outlet
- Engine room windows with standard glass

Radar arch:

- Arch wing custom fiberglass, including mountings for:
 - Electronics
 - Antennas
 - Radar
 - FLIR Camera
- Bose audio system four (4) speakers
- Lighting
- Horns
- Navigational lighting

Construction

- GRP Composite Construction
- Hand-laid, 'vacuum bagged' unidirectional fiberglass with balsa cored hull
- Hand laid, "vacuum bagged" E-glass and graphite balsa cored deck - one mold piece (patent pending)
- Solid fiberglass chine, center line and all hull penetration areas
- Blister resistant gelcoat under the waterline
- Vinylester resin for hull and deck
- Bottom paint
- High performance UV resistant exterior gelcoat
- Light weight balsa cored reinforced stringer system
- Light weight balsa cored bulkhead and floors, lower sole plywood
- Solid vinyl/PVC rub rail with stainless steel insert
- Quad engine stringer system
