# SPECIFICATIONS

---

## Overview

---

This vessel experienced a complete REPOWER in 2012 along with new fuel tanks and a new generator. The hard part has been done! An ideal cruising/loop vessel with reliable systems for years to come! Only exterior cosmetics needed to complete the job! AIMS Inverter insures 110v power underway for refrigeration without running the generator.

After acquiring the vessel in late 2016...the current owners added the inverter, watermaker and other improvements, then made an extended cruise to the Bahamas.

The boat has been returned to St Petersburg and put up for sale.

\*\*\*\*The LLC in which the boat is held as sole asset...is also available to pass through to any buyer. There is a waiting list for these marina slips and this one MAY be available\*\*\*\*\*
