Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Yanmar

Model: 6LY3-UTP

Engine Type: I/O

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

The 38 Sport Bridge is built on a solid fiberglass hull with a wide beam, the spacious, full beam interior of the 38 Sport Bridge is made possible by raising the side decks from bow to bridge on both sides of the boat. The result is a wide-open interior whose dimensions resemble those of a much larger boat. The salon is comfortable and brightly lit with windows all around and more headroom than most boats her size. The dinette is a step up from the salon floor to make room for the mid-cabin below, and the split head is separated with the toilet to starboard and the shower to port. Molded steps in the cockpit lead up to the 38's large flybridge with its generous lounge seating, wet bar, and forward helm position. A hatch in the cockpit sole reveals a removable storage bin, and there's additional storage in the transom for fenders and miscellaneous gear.
