SPECIFICATIONS

Overview

"Island Explorer" is just back from the Bahamas and ready to go again! Perfect family cruising catamaran and perfect platform for adventure.

Sought-after South African built catamaran now available for sale in the US, import duty paid, ready for her next adventure! "Island Explorer" has been lovingly maintained by her current (second) owners and is now ready to embark on another adventure. She was the second out of the mold in 2007 and was the Boat of the Year at the Cape Town boat show the year of her production. She has since crossed the Atlantic and cruised the US and Caribbean, always under private ownership, never chartered. From her fine interior finishes to her sturdy construction, she is truly a special boat. If you want a catamaran that is built exceptionally well, has the best of everything, will stand out in the anchorage, and keep you safe and comfortable on a crossing, this is your boat. Located in St. Augustine, FL, at the St. Augustine Marine Center. Please call to arrange a showing today!

This boat has the features of one much larger--her creature comforts include a dishwasher, Isotherm deep freeze and refrigeration, a more-than-adequate genset and solar with an inverter and large battery bank, an electric winch and 3 more self-tailing so that the boat can be sailed from the cockpit, a full set of kitchen utensils, and so much more. Her finishes are beautiful--her upholstery is in tasteful **ostrich leather** and her interior woodwork glistens.

Call me today to schedule an appointment--you don't want to miss this one!
