SPECIFICATIONS

Overview

Walk through the glass doors and an open saloon with a divan she is built for entertaining with her large bar. Forward to the salon is a fully equipped galley that includes a stove, oven, micro-wave, full size refrigerator, working plan and washer-dryer. Forward is the helm station which includes a booth with two sofas and table, ideal for an office, navigation table or dining while underway. The bedrooms are accessed through 2 separate stairways. Located aft in the salon is the stairway that will take you to the VIP room. She is a very comfortable, full beam bedroom with en-suite bathroom and head that could be mistaken for the Master on many other yachts that size. The forward stairway access the Full Beam Master and the two guest rooms located forward. The Full beam Master has a King size bed, two large closets and en-suite bath. The port forward guest cabin has a Queen bed and the starboard guest cabin has a Full bed. Each room has their own private bathroom. The very large flybridge can be accessed through the aft cockpit ladder. Entirely rebuilt during the refit, it offers a large comfortable seating area, a full helm station and a bar area with stainless steel gas BBQ and oversize freezer to keep plenty of ice for your cocktails. Selling Points: Very extensive refit in 2015 Great value She can be suitable for an owner who wants to keep her for private usage or for an owner who would look to offset her operational costs with charters (Marad waiver). Boat has a great book of business for charter. SELLER is motivated, bring offers.

History MIS Moondance - This 1988 Astondoa 81' is a 4 bedroom plus crew quarters yacht with large flybridge and very modern lines for a 30 years old boat. She has received a major refit by Cable Marine in Fort Lauderdale in 1995 and has received constant upgrades ever since. Over half a million dollars were spent during the 1995 refit which included complete inspection of the hull and superstructure of the boat, new hull and superstructure paint, new stainless steel hand rails throughout, new soft goods, electrical refit, , new generator, etc... Since then, the boat has been used both privately and for charter (Marad waiver comes with the boat). She has run a very successful charter operation and the owner has kept her in running condition to the satisfaction of their guests, which insures that her next owner will step on a boat that has been well taken care of and in turn key condition.
