Overview

Luxury, Style & Class. This is what the Sea Ray 480 Sedan Bridge displays when either sitting still or cruising The PowerBoat Guide had this to say:

Sea Ray got it right with the 480 Sedan Bridge, one of the best- looking sedan cruisers of her era. Built on a fully cored hull with prop pockets to reduce the shaft angles, the 480 boasts a surprisingly large interior for a boat this size. Step through the sliding glass doors to a spacious salon with its electrically convertible sofa, dinette, and built-in entertainment center. Opposite, the large galley is designed with an island-style breakfast bar and under-counter refrigeration. There are three staterooms on the lower level including a full-size berth in the portside state- room, twin bunks (and a washer/dryer combo) in the starboard stateroom, and a spacious master stateroom forward with an entertainment center. On deck, molded cockpit steps lead up to the bridge where wraparound lounge seating is located forward of an extremely well designed helm console. Additional features include high-gloss interior joinery, an extended swim platform, transom storage, wide side decks, and a fiberglass hardtop.

10/2018: Bottom Paint - Ultima SR 60 Black AF Prop Speed on props 10/2018:

WALK THROUGH

From the cockpit, the salon is entered via a large sliding glass door on centerline. Upon entering the salon, you will find an L-shaped settee to port, opposite on starboard are two barrel chairs with recessed flat panel TV mounted overhead. At the forward end of the salon area, a U-shaped galley is found to stbd while across on port is a dinette. The salon features beautiful cherry woodwork, wall to wall carpet and neutral toned fabrics. Large windows surround the space providing plenty of natural light and panoramic views. There are three staterooms and two heads found in the bow area. Moving forward from the salon and descending three step is the stateroom passageway. The first stateroom is on stbd and features an L-shaped settee that will sleep two or makes a nice den area for reading or relaxing away from the salon. (It should be noted that

the hide-away washer/dryer is located in this SR). Moving forward, the second stateroom is found to port and features a island marine queen and private access to the guest head, which is at the forward end of the stateroom. This guest head has a stall shower and separate access from the passageway for guests staying in the other stateroom. The master stateroom is located in the bow and features a pedestal island marine queen berth, two hanging lockers and access to the private master head. The master head does offer a stall shower with rotating acrylic shower door.

Salon

- L-Shaped Settee, Converts To Double Berth (Electrically)
