## Overview

---

This low-hour beauty has only been in fresh water and shows extremely well. Seller is motivated and she is ready for the summer season!

2006 65' Skylounge Motor Yacht with its sleek yet spacious Italian design makes it one of the most sought after vessels in this category. This model was later re-badged as the 69 on the same hull. The accommodations of this vessel rival yachts much larger with stand-up engine room along with spacious rooms and working spaces traditionally not found on Italian designed yachts.

This Vessel has been meticulously maintained with an open checkbook by the owner since new.

Twin 1200 HP MTU diesels power this stable and wave crushing yacht through the water at a comfortable 24 MPH cruise.

With full width master that boasts a walk-in closet with side by side washer/dryer to his and hers heads separated by a large soaking tub and shower with lighted privacy glass.

The VIP and guest suites both have on suite heads as does the aft entry crew cabin.

The salon with its full size sleeper sofa and seating for 10 connects to the formal dining table for 6 across from the galley that any chef will love. Over looking the glass staircase leading to the bridge is the custom designed and factory built office desk and sofa area adding to the open vast view expected on a large yacht.

The aft deck features a rear back-down station and the vessel has both bow and stern thrusters for all stations. With a tender lift for launching water toys you enter the crew cabin and standup engine room via the swim platform.

The climate controlled flybridge is accessed by a built in staircase from the aft or the elegant spiral staircase from the salon. This massive bridge seats 20 with a bar, ice-maker, refrigerator and double grill topped off with a truly outstanding entertainment system which boasts surround sound from bow to stern TV viewing from every position. The aft bridge has a bar and two sofas for additional seating which is perfect for entertaining.
