## Overview

---

Vixen is a Prowler Havana and is the finest example of the Marlow Prowler series of yachts built to date. This Prowler is technically a center console open fisherman, similar in concept to a dozen others, however, that is where the resemblance stops. This new thoroughbred features sexy lines and cockpit volume that none of her competitors can even hope to match. The graceful tumblehome and classic lines are unmarred by a single gratuitous bulge or bump. Though one normally expects nothing more in an open fisherman than a porta potty or, at best, a small cramped place under a seat or console, surprisingly this new development from the bright minds at Marlow features a very large air-conditioned head complete with a sink and granite counter, plenty of natural lighting, and ventilation, with over six feet of headroom! That is just the beginning of an almost unbelievable level of comfort we have achieved with this lovely work of art. The Havana also features a comfortable cabin equipped with large vee berths, comfortable opposing settees, storage lockers, and a nice little galley and TV. Natural light and ventilation are plentiful on this vessel complete with a Diesel Generator and Air-Conditioning. Powered by triple 300HP outboards, she is smoke free and very quiet. Wind noise only becomes a factor at 30-40 knots. Offering a large fuel tank and generous liquid capacities overall, Vixen can go from Florida to the Bahamas and even return, without refueling! The Modified V hull will let you cruise comfortably at more moderate speeds than a Deep V fishing machine. The flatter aft section provides excellent stability at rest. The Sea Keeper Gyro provides a more stable vessel than any other in her class. She is perfect for going to the Yacht Club for dinner or running to the Gulf Stream for a day of fishing. Vixen has a very shallow draft and runs fairly flat whether cruising fast or slow. Vixen's fantastic cockpit space and seating area, with full walk around capability, makes her perfect for a couple to dock with ease. A flush transom door allows that trophy fish to be brought aboard quickly and snorkelers can easily get in and out of the boat. She has fish boxes below deck and storage areas for all of the accessories you want to bring with you. The live well has been converted to a freezer for keeping food or bait cold on extended trips.
