SPECIFICATIONS

Overview

Night Moves was the fishing boat that accompanied a larger yacht while cruising the coastal waters of the southern United States, Bahamas, and Grand Cayman. She was kept high and dry when not actively cruising and has been maintained by a full-time captain. She has the best options available including a painted hull, tower with controls, bow thruster, GOST tracking system, and a state of the art electronics package. Yellowfin's flagship sets the standard for what a big, brawny, no-holds-barred, center console can be! designed for triple or quad outboard power, the 42 can run circles around big diesel inboards in a Marlin Tournament (while burning a fraction of the fuel), but is equally at home competing in a local KDW competition. Its versatility in terms of the sheer number of tasks it does well defies comparison. Whether you seek a large, family boat for weekend excursions in total safety and comfort, or a full-on tournament ready battle-wagon, the 42 easily accommodates both duties. With an unmatched attention to detail in its fit-and-finish, smooth and dry ride, and performance, there is simply nothing else in the market to compare.

Basic Information

Category: Motor Yacht

Sub Category: Motor Yacht

Model Year: 2017

Year Built: 2017

Country: United States
