SPECIFICATIONS

Overview

If you are searching for an elegant express cruiser in great condition and that stands above the rest, look no further! This 2007 52 Sundancer has been impeccably maintained cosmetically and mechanically with every option imaginable. She offers spacious air-conditioned cockpit and roomy salon that are both ideal for entertaining. She has the desirable white hull.

More than her appealing style, the boat has almost all the options and accessories that you can expect from a 52 Sundancer. Her options include Raymarine E125 and E126 chartplotters, Raymarine digital radar, new cockpit refrigerator, new galley refrigerator, new icemaker, bow thruster, autopilot, and hydraulic swim platform just to name some of them. She is powered by twin Cummins QSM-11 V-Drives with 670hp each. The interior laminate has recently been replaced, so unlike many of her sisterships there is no peeling or fading on the interior wood!

She is ready to go cruising now; she recently completed a yard period (7/19) at which time the bottom was painted, oil & filters changed as well as zincs.

Call us to schedule an appointment with her!

PRINCESS J features include (but are not limited to):

- Oil change including filters and zincs completed in July 2019
- Bottom paint completed in July 2019
- Icemaker *New in 2019
- Galley refrigerator *New in 2017
- 24-inch Samsung TV in the cockpit *New in 2017

Hull Configuration: Modified V-Hull

Hull Color: White

Engine Information

Engines: 2

Manufacturer: Cummins

Model: QSM-11

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

We believe Sea Ray's 52 Sundancer has one of the best express layouts ever to be offered. She can accommodate six in two staterooms (two in the master, two in the over/under bunks in the VIP, and two on the pull-out sofa in the salon). This boat has the highly desirable hydraulic swim platform which is generally the easiest way to board the boat from the dock. To the port side of the transom are two steps that lead to a boarding gate to access the roomy cockpit. A curved cushion seating extends from aft of cockpit to the STBD side just before the helm station. A cockpit table is also provided in this area. Both sides of the cockpit have molded steps to access the side decks and the foredeck. To port is a sink with cover, undercounter Norcold refrigerator, and undercounter U-line ice maker. Midship to STBD, up two steps is the helm station complete with captain's chair and companion seats (one swivels so it can either face forward or face to stbd). The helm is also fully equipped with navigational electronics such as Cummins Mercury SmartCraft VesselView, Raymarine E125 and E126 hybrid touch, ST8002 Raymarine autopilot, Garmin GHS 10, and other controls and gauges. The area has a hard top with isinglass on the fwd side and tan canvas on the rear part. Moving forward to port are teak steps that lead down to the salon with lockable door. The salon has two sofas (one sofa to STBD and one to aft), a beautiful table with stools, a flat screen TV to midship, mirrored bulkheads, accent lights, and stainless port holes with sunshade. To port is a storage area. Moving forward from the salon to STBD is the well laid out galley. It has nice counter space with sink, Isotherm undercounter refrigerator, Coolmatic undercounter freezer, a cook top stove, Tappan convection oven, Krups coffee maker, and a good amount of storage. Across from the galley, approximately mid-ship on the port side, is the VIP Stateroom. The VIP offers over/under bunks, closet storage, a TV, and a DVD player. On the port side, forward of the VIP stateroom, is the guest head that offers a VacuFlush head, a good size shower, tile head floor, vanity sink with mirror, and storage below the sink. Full fwd is the master stateroom that offers a double berth with drawer storage under the bed, hanging lockers on both sides, flat screen TV with DVD, private access to the master head, overhead deck hatch with bug screen or blackout, reading lights, mirrored bulk head, and closet. The master head is in the STBD side of the master stateroom. It is complete with full amenities such as Vacuflush head, tile head floor, a good size shower, vanity sink with mirror, and storage below the sink.

Exclusions

Owner's personal belongings.
