Overview

Lifestyle aboard the 575 SUV Riviera is proud to present to you the supremely seaworthy, easy-to-skipper and absolutely luxurious long-range Riviera 575 SUV. In many ways the 575 SUV is your creation just as much as ours. She is stylish, sophisticated and sublime ... and proudly embodies the hallmark dependability for which Riviera is internationally renowned. Notably, the 575 SUV is available with your choice of either conventional shaft drive or innovative pod propulsion to suit specific geographic and individual owner requirements – one of the first yachts in the world to offer owners such flexibility. Of course such world-leading thinking and creativity in design is evident right throughout this world-class Riviera, which has been built to last with global best-practice standards foremost in mind. You'll notice her distinctive design that has everything in perfect proportion. Indeed, with her contemporary styling and impeccable blue-water pedigree, the robust Riviera 575 SUV exhibits powerful and noble lines with a muscular sheer forward and deep topside dimensions, giving her a freeboard akin to a much larger yacht altogether. The full magnitude is complemented by the fact her hull lines run straight aft from the maximum mid-ship beam of 5.13m (16' 10"). This, in turn, provides an extremely buoyant lift and an easy planing surface, as well as great stability, enhancing her award-winning blue-water performance. Indeed, there's less the sense of a scaled-up 50-footer as there might be of a scaled-down 60-something. (The 575's overall length with swim platform and bow sprit is actually 60' 9").

Basic Information

Category: Motor Yacht

Sub Category: Express

Model Year: 2020

Year Built: 2020

Country: United States

Dimensions

LOA: 60' 8" (18.49m)

Total Heads: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Manufacturer: Volvo

Model: IPS 950

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Walk Through

Stepping aboard

As you step from the Riviera 575 SUV's large GRP swim platform through the transom door – which conveniently opens out and has a folding bridge for added safety – you'll begin to appreciate just how this clever new cockpit design utilises every piece of available space.

The standard layout features a new-style three-seater transom lounge and storage bin aft, which can be converted to a live bait tank, depending on your specific needs.

Under the cockpit floor you will discover volumes of storage and multiple engineering access hatches – to port there is a fish bin and a massive centre lazarette.

Indeed, the entire yacht is virtually an Aladdin's Cave of storage solutions.

Even the cockpit flanks are full of hidden storage for tackle, equipment or lines.

Also here in the cockpit are wash-down facilities – both fresh and salt water – a double-action manual bilge pump for the engine room and both flood and courtesy lighting, while optional rod-holders and a padded bolster can be fitted to the cockpit coaming. There are recessed cleats in the aft corners so lines won't snag, as well as toe kicks for bracing as you reel in your prized catch.

The corner scuppers below the recessed cleats are covered by handsome flush stainless grates.

There's even a reinforced plate in the cockpit floor for an additional table or future game chair.

The elevated mezzanine features an L-shaped lounge to port with fridge, freezer and storage space under, as well as a folding table with cover. Behind the seat across the rear of the bulkhead is access to the lockable battery and AC control panel and manual bilge pump. To starboard in the forward corner, is a double barbecue, fridge, ice-maker, rubbish bin and sink.

The cockpit is complete with a covered joystick-control or thruster-control docking station to port, and triangular quarter clears both port and starboard are standard to keep any wind and spray out of the cockpit.

Stepping inside

As you slide open the glass saloon door, set in a substantial, polished, marine-grade stainless steel frame, you immediately sense that you are stepping into a high-end

modern apartment – a creative space designed to deliver all the delights of a lavish and contemporary city lifestyle.

Immediately to port there's the aft galley – a generous and efficient two-person U-space just off to one side of any fore and aft traffic. Here, cockpit connectivity is cultivated with a wide opening glass window that brings the outdoors (and entertainment) inside, and confirms the galley as very much the 'conductor's podium' of the social scene.

The 575's galley itself is akin to a display kitchen for the latest in premium-brand appliances and conveniences, complemented by satin oak timber cabinetry with teak accents above the solid-surface bench tops. Its warm heart is a stainless steel cooking array that includes a combination oven/microwave, electric three-element induction cooktop and rangehood. The refrigeration suite features both fridge and freezer drawers. And the well-placed dishwasher, within easy reach of the stainless steel sink and mixer tap, is also a back-friendly, easy-opening style.

Directly opposite to starboard, almost as an extension to the galley, are further fridge and freezer drawers that operate smoothly, as does all the cabinetry that opens and shuts on the 575, on soft-close runners.

But, then, everything on the Riviera 575 SUV is intended to run smoothly.

Key Features

- Sleek and stylish external design, strong robust hull with keel Innovative cockpit layout creates an entirely new indoor/outdoor experience, including transom seat and storage, wet bar with twin BBQ, fridge and ice-maker
- Large awning window and sliding glass door set in a robust stainless steel frame connects the modern aft galley with the cockpit
