Hull Material: Fiberglass

Engine Information

Engines: 1

Manufacturer: Detroit Diesel

DETAILED INFORMATION

61' Tollycraft Vessel Walkthrough

PRELIMINARY SPECS

Boarding CAREY'D AWAY is made easy via the wide nonskid fiberglass swim platform and swing inward transom gate. There are also port and starboard aft quarter side gates that can be used for boarding as well.

Once inside the teak cockpit sole, one enters the spacious salon via a teak bifold door to the port side of the cockpit. Immediately to starboard is a unique custom built TV cabinet which houses a retractable 32" flat screen television. Continuing forward on the starboard side is custom designed & built L-shaped sofa with storage that is flanked by a handsome burlwood & teak Hi/Lo table large enough to accommodate 8. Across to port are two chairs and a table. Further to port is an additional custom built-in cabinet for storage and audio visual components as well as liquor and glassware.

The U-shaped and upgraded galley is on the same level as the salon and is situated all the way forward on the starboard side of the cabin. (See Galley for details)

The raised pilothouse is located up just a few steps from the salon and galley level and features port and starboard wing doors leading to the sides decks which make line and fender handling a breeze.

The lower deck with its three cabins and two heads are accessed via a curved stairway on the port side of the pilothouse. All the way forward is the spacious and comfortable VIP cabin featuring a pedestal queen size berth with storage below. Aft and to port is the shared guest head with large stall shower that doubles as a day head. Across to starboard is the guest cabin with twin side by side berths flanked by a large hanging locker. Aft and to starboard is the ship's laundry center. And, all the way aft is the spacious full beam midship master stateroom with its own ensuite head.

Mechanical
