SPECIFICATIONS

Overview

The main vision behind the Bulldog 88 project was to create a custom-made yacht that combines all features of a superyacht within 88 feet. Inspired by power and strong navigation skills this custom designed Sport Explorer Vessel (SEV) has a distinctive transformable layout combining modern elegance with large and open living spaces.

Bulldog 88 can accommodate up to 8 guests in 165 m² of comfortable indoor living area comprised of a stunning full beam Master suite and large VIP suite on the main deck and two guest staterooms on the lower deck, all with private en-suite bathrooms. The lower deck also features a large crew area of 20 m² for three crew. Located in the main salon, the dining area can seat up to 12 guests and is flanked by tall sliding doors that can close off the outside environment. This way guests can choose to either fully enjoy the sun or keep it cool and remain in the shade, depending on their mood.

Key exterior features include a large stern sundeck, including a 30 square metre shaded beach club with views on each of the three sides and provides direct sea level access allowing the yacht to stretch up to 91.5-feet. Additionally, when closed becomes a garage for the tenders. The top deck has a large sundeck area of 50 m², providing the most magnificent panoramic views. It also offers a jacuzzi, which has been placed on the bow to ensure maximum privacy for its guests.

With a pair of V8-1200 MAN engines, she has a cruising speed of 18 knots and a top speed reaching up to 23 knots.
