Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Mercruiser

Model: 496HO

Engine Type: I/O

Fuel Type: Gas

DETAILED INFORMATION

Overview

The Formula 370 Super Sport is a sleek, aggressively styled sport cruiser with an enviable combination of superior construction, first-rate accommodations and excellent open-water performance. She's basically a Eurostyle Sportboat with considerably more cockpit space and less interior volume than traditional express cruisers. Performance is important in a boat like this and the 370's narrow beam and high-speed stepped hull deliver the fast ride and luxurious accommodations that few other Sportboats can match. Her spacious and well-equipped cockpit provides seating and amenities for a small crowd. A removable cocktail table stores in a transom storage locker, and a cockpit galley comes complete with a sink, cooler and refrigerator. The cabin of the 370, which is quite opulent, has a convertible V-Berth/Dinette forward, an athwartships mid-berth aft, and a compact galley. Additional features include a walk-through windshield, transom shower, tilt steering, and flip-up bolster seat at the helm. Like all Formula boats, the fit and finish of the 370 Super Sport is very impressive. A pair of 420HP sterndrives will cruise the 370SS at 30 knots and reach a top speed of around 45 knots. (Powerboat Guide)
