Model: D2848L403

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Overview

Sleek styling, exemplary finish, and impressive performance are the hallmarks of the Sunseeker 56 Manhattan, a sophisticated European motor yacht from a company whose name is synonymous with yachting excellence. Dramatic styling aside, the Manhattan's large cockpit and flybridge are matched by her spacious multilevel interior with its high-gloss cherry cabinetry and rich designer fabrics. The elegantly appointed salon provides a separate dining area forward and facing settees aft. Adjoining the galley, several steps down from the salon level, is a small crew cabin. Forward, the master stateroom has en-suite head and shower, while a second head serves the two double guest staterooms. Each cabin features a flat screen TV. A ladder provides direct access from the lower helm to the bridge where the seating can be converted to a panoramic lounge area. The Manhattan's engine room is reached from a hatch in the cockpit. An extended swim platform, teak cockpit sole, and bow thruster are standard. She is built on a deep-V hull with prop pockets. (PowerBoat Guide)
