## Overview

**DELTA 54 CARBON**The award-winning 54 Carbon by Swedish shipyard Delta Powerboats is the world's first and only production yacht with both hull and superstructure constructed of carbon fiber. Designed for day excursions or long range cruising, the 54 comes standard with twin Volvo IPS drives which, when combined with her superior hull design and carbon fiber construction, allow her to achieve impressive speeds while minimizing fuel consumption. Three double staterooms, a spacious salon and fully-equipped galley round out the 54's impeccably finished Scandinavian interior. Seakeeper gyroscopic stabilizers and watermaker are among the many notable standards onboard.

\*Construction financing available!\*\*Price excludes U.S. shipping and duties.

## Basic Information
