# DETAILED INFORMATION

---

## Walk Through

---

Nothing in power boating has equaled the continued worldwide popularity of the Bertram 31. One of several Bertram 31 models, more than 1,000 Flybridge Cruisers were built over the years. While they have been out of production for many years, used models are continuously in demand. Unquestionably, the chief attribute of any Bertram 31 is her legendary deep-V hull design. In addition to her superb sea keeping characteristics, the 31 FBC has a large fishing cockpit and comfortable cabin accommodations. Perhaps the best features of the 31 are its low center of gravity, large cockpit, deep-v hull, and hard chine, all of which make this boat one of the best fishing platforms on the water today. It is obvious that the 31 is designed essentially as a fishing boat and creature comforts were considered as secondary considerations. The 31 also makes an excellent dive boat.

The 1963 31 Bertram has been a true test of time for a boat for the hardcore fisherman or the family just wanting to go for a boat ride to the island or on a Sunday afternoon. She has excellent range and fuel consumption with her upgraded Yanmar 315 HP Diesels.

## Inside Equipment

---

- Air Conditioning -New Dometic 12000 BTU Air Conditioner 5/19
- Vacuflush head -Rebuilt 5/19
