DETAILED INFORMATION

Vessel Walk Through or Overview:

Galati Yachts 2019 68 Viking convertible trade is a 3 stateroom 4 head layout with dedicated Crew stateroom and Crew head. Her interior is finished in satin walnut with a beautiful complement of designer fabrics. She features a large Master stateroom to starboard, a centerline queen forward with two overhead bunks to either side of the bed that will accommodate extra guests. The Port stateroom is over and under bunk set up with its own head. She features a spacious salon with day head, L-shaped storage sofa, and loads of custom wood work. The dinette has a second TV overhead and a drawer underneath large enough for additional rod storage. The galley has Sub-zero drawer refrigeration, a convenient raised counter with bar stool seating and beautiful tile backsplash. Behind the galley is a pantry that doubles as a rod storage area. The cockpit floor is fully clad with Teak as are her coamings. "Cool breeze" cockpit A/C keeps anglers comfortable while they reel in that big Marlin in the stunning Bluewater Evolution series Marlin Chair. Redundant systems are built in throughout the yacht including 2 water makers, 2 ice makers, and 2 generators as well as extra fuel and a custom fuel transfer system if one wanted to use bladder tanks for longer trips. The salon door and toe rails are done in a custom faux teak paint job and she has a custom anchor chute system with windlass to keep the decks clean. On the flybridge you'll find a comprehensive set up of electronics as well as the MTU joystick docking system complete with dynamic positioning and hydraulic windlass. Hydraulic outriggers and 4 huge electronic teaser reels are at the captain's fingertips behind the center console helm pod. With her MTU 12V 2000 engines she is an incredible performer cruising at a brisk 34kts with top speeds near 40kts.

Salon

- Interior wood is satin finished walnut and features custom all wood valences, curtain boards, lambrequins, and Air conditioning registers for a custom sportfish interior look and feel with no visible fasteners.
- Large L-shaped salon sofa "Dewberry style" for easy access and easy lift. Modern rectangular cushions with removable backs for extra sleeping space

- Extended transom live well depth to cockpit floor
- Grab rails installed inside transom door
- Swim steps on transom below transom door
- Tackle locker with drawers at salon door starboard side
- JL audio speakers in cockpit with remote for stereo
- Upgraded speakers under cockpit gunnels
- Indirect 3 color rope lighting under gunnels

ELECTRICAL SYSTEM

- 24V DC ships service throughout
- 240/110V AC power supply
- 110V outlet in engine room on aft bulkhead
- Anchor and nav lights
- Batteries (3) independent 24V bank mounted in fiberglass storage boxes, Maintenance Free
- Battery chargers (3) with thermal cutoff and switching system for complete integration
- Battery distribution panels with battery cutoff for ship service batteries and engine batteries
- Battery parallel system for main engines and generator start
- Bonded electrical system with ground plate
- Color coded labeled and numbered wiring system with corresponding drawings

- Dimmers, DC LED interior lighting throughout excluding companionway
- Engine room lights DC/AC
- Generator Diesel (2) 29KW Onan QD
- Glendinning cablemaster (2) 50/220V AC with 3 wire grounded 125' cords
- Instrument panel lights for flybridge and main electric panel
- Lighting, Overhead LED lights recessed in Ceiling and rope style décor lights concealed by walnut valences
- Magnetic switches for bilge lights
- Master electrical control provided via power distribution system utilizing a redundant Can Bus control for AC/DC remote breaker electrical systems. Complete system control and monitoring provided by 3 integrated touch screen controls (Octoplex) located at salon main panel, Flybridge, and engine room
- Receptacles, 110V duplex with GFCI throughout
- Voltage stabilizer transformers for more consistent, clean voltage

ENGINE ROOM and MECHANICAL

- MTU series 2000 - V12 M96L 1945hp Diesel engines
- MTU Joystick system with dynamic positioning includes hydraulic system in engine room and hydraulic windlass
- 27.5 kw generator
- 27.5 kw back-up generator
- 24v fuel priming pumps
- Rite -Air full boat de-humidifying system installed by outside vendor
- Access door to crew quarters
- Additional Octoplex in engine room next to crew access door
- 1400 GPD water maker with auto back-flush plumbed thru Spot Zero reverse osmosis filter for purest water possible
- Second 1400 GPD water maker with auto back-flush plumbed thru Spot Zero reverse osmosis filter
- Spot Zero Reverse Osmosis system with double bypass connected to dockside water inlet
- Eskimo Ice machine plumed to port cockpit fish box
- Second Eskimo Ice machine plumbed to starboard fish box
- Two tool boxes in engine room 4 drawer 12" wide painted snow white
- Backup pump for seawater system plumbed in parallel
- Willy vac in place of engine room clean-out bilge pump
- Additional outlets plumbed in Engine room for Willy vac with 25 ft of extension hose to reach throughout engine room
- Headhunter fresh water pump
- Backup headhunter fresh water pump
- Headhunter head system with Sealand Vac-u-flush
- Fuel transfer system with additional fuel pump and manifold in cockpit for bladder

system (bladders not included)

- Delta "T" engine room ventilation system with thermostatically controlled supply and discharge fans for proper fresh air circulation and water intrusion suppression
- Fuel priming pumps for main engines, electric
- Fuel transfer and management system, 24V DC pump controlled through touch-screen control panels
- Oil changing system, gear type pump for main engines, transmissions, and generator with pump out line run to cockpit locker
- Racor dual fuel/water separator filters for main engines and single for generators
- Engine room white ladder treads replaced with Black diamond rubber material
- Prepped and pre-wired for dive compressor
- Black diamond rubber mat on shelf forward of engines
- Tiller arm and brass parts in lazarette are custom Awlgrip painted
- Screens on centralized seawater system
- PEX plumbing freshwater system with manifold system to isolate individual areas
- Propellers, Veem Interceptor class "S" pitch tolerance and dynamic balancing
- Rudders, Stainless, Composite rudder bearing with dripless seal laminated into hull
- Seacocks, bronze, ball type sea valves for all thru-hulls below the waterline, Awlgrip painted snow white
- Shafts- 2 Aquamet high strength stainless steel, double taper
- Struts- Thru water , Nibral, Composite bearings
- Tides Marine water lubricated dripless shaft seals with crossover water supply
- Trim Tabs, Custom with center, port and starboard tabs recessed in transom with fiberglass covers
- Viper steering system with electronic interface located under helm
- Water heater, quick recovery electric

Deck and Exterior

- Custom anchor chute system in bow stem with stainless steel claw style anchor and strike plate.
- Concealed below deck Lewmar V4 SS windlass with gypsy and drum concealed by hatches
- Windlass remote and port for plug in anchor locker
- 625ft of anchor line with 50ft of stainless-steel anchor chain
- Anchor locker with 8 powder coated J hooks for hanging dock lines
- Salon forward painted window mask
- Rupp Hydraulic outrigger system with 43' Rupp Big Riggs. Multi action with lay out and lay aft functions and hydraulic locks
- Freshwater wash-down at bow inside anchor locker
- Fender tracks from transom to forward spring cleat
- Custom Faux painted toe rails with line chaffing guards at the cleat locations

- Side hand rails wrap around front of windshield 36" forward of standard location

Palm Beach Towers Hard Top

- Custom Molded Hard Top, Brushed pipe, 3-sided track on perimeter rail in 2.5" pipe extending all the way down to cockpit.
- 6 Lumitec tri color lights recessed into hard top
- Radar pod, Oval style for flip with larger sliding teaser reel door for (4) reels with brackets
- Rigid Industries 20" RDS light bar with defused lenses and Hi/lo feature mounted in custom molded light pod aft
- Molded forward spreader light underside HT Lumitech LED
- Bridge rail 3 sided double aft, Leg to Leg
- 6 polished rod holders welded to aft bridge rail
- 6 polished rod holders welded to aft main legs
- U shaped safety rail around ladder opening
- Nav lights port and stbd molded in top corners
- Enclosure 3 sided EZ2CY to end of helm track to track
- Upgrade material for enclosure to light grey stamoid
- Powder coated aluminum flangeless track
- 3 air vents with zippers in top of forward 3 panels
- 43" Rupp "Big Riggs" outriggers 3 spreader, solid heavy aft bar
- Rupp rollers in place of bolts
- Rupp Hydraulic rigger system, Multi action lay-out, lay aft, with hydraulic locks
- 2 recessed Electric Teaser Reels MIYA EPOCH US9 HD 24 volt
- 2 recessed Electric Teaser Reels MIYA EPOCH US18 HD 24 volt
- Electronic drop-down box for Electronic Engine Displays
- Flip down drop-down box manually operated for chart plotter
- Rupp Halyard Grommets installed
- 2 molded sat dome mounts on Hard top
- Release Marine teaser line grommets with swivel tip outboard each side of HT for forward reels only
- Recess port and starboard aft corners of hardtop and install handrails top of hardtop for easy access
- Underside of hardtop painted "Whisper Grey" satin finish
- 2 sets of Slots cut underside of HT for VHF speakers
- 2 flag staffs vertical mounted, 1 each side of hard top 28" high
- Rupp Center rigger with Hard top mount
