SPECIFICATIONS

Overview

Edgewater Boats are known worldwide as a premier sportfishing builder, and over the years have proven their dependability, strength and uncompromised performance as the best fishing platforms available on today's market. The Edgewater 388 CC designed sportfisher features a wide bow flare and steep deadrise for a smooth ride in a head sea. In addition, oversized reverse chines deflect water downward for dryness while providing a very solid and stable ride in a beam sea. The designer also claims that the boat's long, sweeping lines are more than aesthetics. In fact, they add stiffness to the hull sides and act as secondary chines to help keep water from climbing up the freeboard. True to Michael Peter's successful experience designing offshore racing boats, his influence on this Edgewater model provides a flat keel pad on centerline and a stepped hull which improve stability at high speeds. Combined with a wide beam, these features give the Edgewater 388 CC a remarkably smooth dry and stable ride. **ADDITIONAL SPECIFICATIONS:** Weight capacity 4700 lbs Passenger capacity 16 Passenger weight 2560 lbs Transom Height center 35" Max Power 900 hp Cockpit depth 28" Cockpit area 187 sq.ft. Approx. boat length on trailer 45' Bridge Clearance 9' approx.

Basic Information

Category: center_console

Sub Category: Center Console

Model Year: 2007

Year Built: 2007

Country: Mexico

Dimensions

LOA: 38' (11.58mm)

Beam: 11.33

Min Draft: 25' (7.62mm)

Max Draft: 0' 11" (0.28mm)

Speed, Capacities and Weight

Fuel Capacity: 340 Gal Gallons
