Overview

Ambrosia is presented for sale in excellent condition and is a verifiable icon of the Benetti fleet. Ambrosia, launched in 2006 and extensively refitted in 2017, has had just one owner. Being the fourth superyacht project commissioned by the owner from the Italian shipyard, she benefits from their cumulative extensive experience.

Ambrosia is a four-deck 65m motor yacht with an exceptionally large volume, coming in at 1640GT. Offering magnificent interior and exterior entertaining spaces, she is well suited to private or commercial use. Ambrosia was built to Lloyds Classification and MCA compliant.

Ambrosia benefits from an advanced Azipod propulsion system that delivers a trans-oceanic range and global cruising capability. Her technical specification that is superior to many other yachts of similar class, featuring systems synonymous with luxury and advanced performance.

Following her successful Lloyds 10-year Special Class Survey, she received a full hull and superstructure repaint, new caulking for the teak decks, upgrades to the propulsion drive control system, four new hot water tanks and many other relevant improvements to her machinery and monitoring systems, as well as to the onboard audio visual and IT package.

Ambrosia's interior, designed by the legendary Francois Zuretti, can be best described as 'palatial'. There are many wellness areas and lifestyle amenities incorporated into the design, such as a gym, a spa with sauna, and a movie theatre. There's also a dedicated medical center.

The accommodation is for 12 guests in six luxurious suites, including a sumptuous master stateroom with an owner's study on the main deck, and a VIP suite on the upper deck as well as four double cabins on the lower deck. Other interior spaces include the main saloon, which features an opulent dining table, the upper deck lounge, and the sky lounge on the sun deck.

Ambrosia has two custom tenders; a 8.5m limousine and a 7.5m jet tender, both are stowed on the lower deck, deployed by aft port and starboard cranes.

Ambrosia is currently located in Asia and a must see for anyone looking for a large volume pedigree super yacht in the 65-70 Meter segment.

DETAILED INFORMATION

Yacht Introduction

Ambrosia is presented for sale in excellent condition and is a verifiable icon of the Benetti fleet. Ambrosia has had just one owner since new and, being the fourth superyacht project commissioned by the owner from the Italian shipyard, benefits from their cumulative extensive experience and is exemplary of their close and fruitful relationship.

Ambrosia is a four-deck 65m motor yacht with an exceptionally large volume, coming in at 1640GT. Offering magnificent interior and exterior entertaining spaces, she is well-suited to both private or commercial use and as well as being built to Lloyds Classification and MCA compliant.

Ambrosia benefits from an advanced Azipod propulsion system that delivers a trans-oceanic range and global cruising capability. She also has a technical specification that is superior to many other yachts of similar class, featuring systems synonymous with luxury and advanced performance.

Following her Lloyds 10-year Special Class Survey, she received a full hull and superstructure repaint, new caulking for the teak decks, upgrades to the propulsion drive control, four new hot water tanks and many other upgrades were made to the machinery and monitoring systems, as well as the onboard audiovisual and IT package.

Ambrosia's interior, designed by well known Francois Zuretti, can be best described as 'palatial'. There are a variety of wellness areas and lifestyle amenities incorporated into the design, such as a gym, a spa with sauna, and a movie theatre. There's also a dedicated medical suite.

The accommodation is for 12 in six suites, including a sumptuous master stateroom with private owner's study on the main deck, and a VIP suite as well as four double cabins on the lower. Other interior spaces include the saloon which features an opulent dining table, the upper deck lounge, and the sky lounge on the sun deck.

Ambrosia has two custom tenders, a 28ft limousine and a 7.5m jet tender, both are stowed on the lower deck, deployed by aft port and starboard cranes.
