SPECIFICATIONS

Overview

When it comes to performance the R3 doesn't let anyone down! The Cobalt R3 is a well built deep V Hull with a 21 Degree deadrise. You will find that she cuts thru the chop without even a rattle or a shudder. Welcome to the quality of Cobalt.

Crafted to stand out from a typical 23-footer, the Cobalt R3 has a sleeker, lower profile than other boat in her class, and it's complemented by a beautifully designed transom platform. Guided by Cobalt's innovative Free Space Reclamation design, the cockpit has an interior beam measurement more than a foot wider than any other boat in her class.
