Accommodations

Total Cabins: 3

Sleeps: 6

Total Heads: 3

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Yanmar

Model: 8LV370

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

This vessel has low, wide boarding steps at the aft end of both hulls, with a large, hydraulic tender platform in between. The cockpit can be accessed from port or starboard, with expansive walkways up both sides of the boat forward to the bow. The bow space is truly massive with oversized storage hatches, a forward cockpit seating area below the hardtop as well as bow seating and an overhead sunpad with access from the bridge. The aft cockpit has a dining table with U shaped bench seats surrounding three sides of it and seating aft of the flybridge stairwell to starboard. The entire aft cockpit has drop down shades recessed into the hardtop and are easily deployed. The flybridge has even more room for guests with a second U shaped seating area to port with the captain's helm forward of it as well as a full flybridge galley and wet bar to starboard and aft. The saloon is designed for comfort and entertaining so bad weather will never end the day early. A central galley is located aft and to port with a propane stove and oven, microwave and storage throughout. To starboard across from the galley is a breaker panel with drawer-style refrigerator/freezers. To starboard and forward is another dining table with U shaped seating. The table is an electric hi/low table with an insert for an additional berth. To port is a navigation station with controls and a Raymarine MFD as well as access to the forward cockpit seating area. The guest staterooms can be reached down the port stairwell. The aft stateroom has a full bed, private head with stand-alone shower and plenty of storage and provides interior access to the port motor. The forward guest stateroom is almost identical but allows access to an oversized storage locker that can also serve as a 4th V-berth with a twin bed in it. From the saloon, the starboard stairwell has a sliding door that completely separates the Master stateroom and head from the rest of the boat. The Master berth is aft and features a queen-size bed with access to the starboard engine below. The companionway leading forward from the berth to the head has two oversized closets, a Splendide washer dryer, storage throughout as well as a small vanity. The master head is comfortably over-sized with its own stand-alone shower and vanity.

Salon

- Electric saloon table convertible to bunk with mattress
- Wine racks (2)
- U-shaped settee
- Wear-resistant laminate flooring
- LED overhead lighting
- LED floor lighting
- Forward-facing portlights with ample ventilation

- Storage space below settee cushions
