SPECIFICATIONS

Overview

Why select “24 Sundeck” over other listings:

Sophisticated and stylish, the all-new 240 Sundeck model design first debut was in late 2013 and this 2015 production model has even further refinements such as the extended swim platform with the integrated flip down swim-on step. The 240 Sundeck blends impeccable craftsmanship, premium design and superior performance. With plush seating and intelligent storage throughout, the 240 Sundeck now holds 13 passengers comfortably, yet it's nimble enough for seamless operation and easy care. The new generation Top-shelf MerCruiser 4.5L MPI ECT w/ Bravo III sterndrive power means an incredibly smooth, quiet ride. Vessel Walkthrough:

Don't be fooled by the Model number SeaRay put on this boat - The SeaRay 240 Sundeck rides like a 27-foot boat!

Newly designed in 2013, this 2015 SeaRay 240 Sundeck represents one of the most versatile layouts of any production model in this size range. The expansive interior volume features two large sitting areas on opposite ends of the boat, allowing for maximum comfort for both owners and guests.

Equipped with a top of the line Raymarine GPS with sounder integrated into her ergonomically designed helm provides excellent visibility from the helm both forward and aft. Providing the classic and timeless appearance that Sea Rays are known for, her clean style line runs from the bow to the trailing end of the swim deck.

Your guest will also enjoy the ladders at both the bow and the transom allowing swimmers and beach goers to board her at all ends. A full-size locker is located between the driver and the portside lounge and it's held open with high quality assist struts, so it won't close accidentally. Forward there's a V-shaped seating area with a removable table, drop down arm rests, and there is a convenient anchor storage locker and forward boarding ladder in the bow. Storage under all the seating and floor spaces will hold all you water toys.

Deck hardware is substantial both in quality and quantity being strategically located for ease of securing the vessel in docking and anchoring. The diamond cut pattern deck non-skid is throughout and offers sure footing and ease of maintenance. Several cockpit storage lockers, convenient catch bins, and drink holders are located throughout.

The cockpit area offers an adjustable bucket type helm seat with a convertible “Fore/Aft” and lay down companion “Co-Pilot” seat on the port side. Aft of the Co-Pilot seat is the lounge “L” shaped passenger seating running down the port side continuing

across the transom with a drop-down center arm rest with cup holders and access to the transom shower.

The transom door is positioned on the starboard side for access to the oversized “teak look” fiberglass swim platform with an integrated flip down swim-on boarding ladder/step! Another feature that definitely stands out on the 240 is her wide beam. Its width of eight feet six inches gives her extra stability out in open waters.

This offering is equipped with the newly designed and first time offered:

MerCruiser: 4.5L MPI ECT Bravo III Engine!

Is original owner and regrettably has to pass this gem onto another loving owner. Initial delivery (warranty start date) was on 10Apr15 she has less than 120 hours on the hobbs.
