SPECIFICATIONS

Overview

PRICE REDUCED!!! The Hunter design team developed a great model in the 33.5. The bulb-wing keel of its easily driven hull provides good performance, smooth motion and reduced draft. Her impressive, double spreader, fractional rig is easily handled by a crew of two. Below, the inviting interior is comfortably fitted out and has an amazing amount of light and air from hatches and ports. Entry into cabin has a full galley to starboard side with double stainless steel sinks, refrigeration and a two burner stove with oven. On the port side aft is walk-in stateroom with a large double berth, side opening port windows and 12 volt lighting. A navigation chart table with a ships service panel above is also to the port side. A large settee midship sleeps one and across to starboard is U-shaped dinette that converts into double berth. A walk-in head with shower is to starboard side with a sink basin and cabinets with mirror to port. The forward stateroom has hanging clothes lockers, a topside opening hatch and 12 volt lighting. "Silent Wings" is in excellent condition and she definitely shows the care that her owners have endowed upon her. She is fun to sail and has a very comfortable layout.

Basic Information

Category: Cruising Sailboat

Model Year: 1993

Year Built: 1993

Country: United States

Dimensions
