SPECIFICATIONS

Overview

Modern Sedan Bridge models combine the versatility of a flybridge yacht with the accommodations of a high-end luxury cruiser. Built on a modified-V hull with cored hullsides and prop pockets to reduce shaft angles, the two-stateroom interior of the Sea Ray 47 differs from most sedan floor plans in that the galley is positioned aft in the salon rather than forward, a design that reduces a lot of foot traffic through the salon. The dinette is forward, two steps up from the salon level, where guests can enjoy a panoramic view of the water. Below decks, an opulent, full-beam master stateroom is amidships while the VIP guest stateroom is forward. Both are fitted with queen island beds and flat-screen TVs. The party-time flybridge of the 47 Sedan Bridge?accessed via wide bridge steps?is arranged with the helm aft and lounge seating forward. Also fiberglass hardtop and extended swim platform makethis boat very comfortable.
