SPECIFICATIONS

Overview

This Australian built yacht features an outstanding layout! The main deck level is a single open level with an up galley - - no steps, no bulkheads, simply an open view from the forward helm through the galley and aft through the salon. Below are (3) staterooms and (2) heads and the master head is arranged like new yachts with an open sink area flanked by a shower on one side and the private toilet on the other side. The exterior features complete walk-around decks, nice covered aft deck, and the cockpit for easy boarding and access to water activities. The full-height engine room is easily accessed directly from the cockpit.

Located at our offices to be sold.
