- Electric bilge pump with float switch
- Manual bilge pump
- Emergency Tiller Access and Emergency Tiller
- Leather Wrapped Folding Wheel
- Hand Laminated Rudder with 316 Stainless Steel Core and Rib Structure

## Manufacturer Provided Description

The Catalina 315 sails into the global marketplace with all the style and refinement of the larger Catalina 5 Series boats. With core attributes of the award-winning 445 and 355, the 315 includes features that are not found in many of the world's yachts, yet come standard with the Catalina 5 Series: a watertight StrikeZone collision bulkhead, the SecureSocket mast support system that affords superior load resolution and watertight integrity; the DeepDefense rudder system for failsafe steering, and the T-Beam MastStep structure that has all the benefits of a deck-stepped mast and the strength of a keel-stepped mast. All the best elements of the 5 Series Catalinas are replicated in the 315. You'll find a bold emphasis on strength, lead keels, sleek low profile cabin design, ergonomically correct cockpits that are optimized for efficiency, with great visibility from the helm. Plus, all the classic warmth and ambience that only a teak interior creates.

## Catalina 5 Series

- Five-part Construction with dedicated fiberglass sub sole grid-provides the backbone of ruggedly built boat that stands up to the test of time.
- StrikeZone- Featuring a watertight collision bulkhead forward and high density foam below the water line.
- Deep Defense Rudder System-Superior construction with a stainless steel welded

structure glassed to the rudder blade and off center seam for impact resistance.

- T Beam Mast Step-Combines the benefits of a deck stepped mast and the strength of a keel stepped mast.
- SecureSocket Mast Support-Heavy duty stainless steel chainplate system that facilitates perfect load resolution and watertight integrity.
- Lead Keels-Absorbs impact for safety and requires less maintenance than cast iron or other keel materials.
- Knitted Fiberglass Fabrics-Create a stronger laminate without additional weight.
- Internal Flange Hull to Deck Joint-Capped with a slotted toe rail and provides superior impact resistance.
- Low Profile Deck Cabin Design-Sleek appearance and low windage; durable diamond non-skid pattern adds an element of safety.
- Wide Weather Decks-allows effortless movement forward.
- Oversized Traveler and Winches-Ease of sail handling in all conditions.
- Solid Teak Interiors and Laminates-hand finished with satin and high gloss varnish, easy to repair or refinish.
- Plush Innerspring Mattresses-Standard on all 5 Series models
- Filter Locker-Raw water filter, fuel/water separator and coolant reservoir in dedicated locker for easy daily access.
- Newly Designed Navigation Panel-Consistent design on all 5 Series models; has additional circuits for additional options.
- Built In Amp Draw Digital Meter-Helps monitor electrical usage.

## Exclusions

---

Owner's personal belongings.
