SPECIFICATIONS

Overview

'*Serena Ray*' a beautiful boat, has only had 3 prior owners all local to the northwest. She features 3 staterooms & 2 heads with a typical beautiful satin Makore & Cherry interior. Current owners wish to move up in size is the only reason for sale. She has been cruised effortlessly the last few Summers. She features quality equipment that includes upgraded Cummins electronic QSC 540hp engines w/3 station electronic engine controls, Northern Lights generator, KVH Sat TV & Phone systems, SidePower Bow & Stern thrusters, Inverter, Kabola hot water diesel furnace, recently upgraded navigation system and Wesmar stabilizers.

The original owner of this lovely 558 Hampton had this yacht built for cruising the West Coast and Alaskan waters. A custom option specific only to this boat is additional fuel capacity. She carries an additional 200 gallons for a total of 1,000 gallons total. She also benefits from having a nice hot water Kabola diesel furnace for example for those cruises up to Alaska. She has been well maintained and the interior shows well. The 558 Hampton Hampton is eight inches wider than 550 Hampton. So benefits from having wider side decks with safety rails and also Electronic engines over the 550 Hampton pilot house. The original owner also added custom cabinetry in the master stateroom for long range cruising.
