The Cape Dory 28 Flybridge was first introduced in 1985 and lasted nearly a decade in production with over 220 vessels made. The Cape Dory 28 Flybridge is a graceful Down East style cruiser whose lobster-boat heritage can be seen in her salty work boat profile. The 28 was built on an easy-riding semi-displacement hull with a moderate beam, rounded bilges and a fully protected prop. The Flybridge has a single-stateroom floorplan with a V-berth forward, a compact galley and an enclosed standup head compartment. Several upgrades were made in 1990 including a re-engineered and re-tooled flybridge. Additional features include wide side decks, good service access to the engine and sliding cabin windows for ventilation in the Flybridge model.

An upgraded 200hp Volvo with approximately 1800 hrs of use. New transmission in 2018. Vessel was repainted in 2007 along with beige non skid decks. Decks repainted in Aug 2017.
