SPECIFICATIONS

Overview

This gorgeous, sleek Italian flybridge yacht can be yours to enjoy. All photos of the actual boat just taken on 2/7/19. Equipped with SeaKeeper M8000 gyro stabilizers, twin Caterpillar C18, 1150HP, she not only performs and is quick for a large yacht, but is completely comfortable at a 26 knots cruise speed and 32 knot top end speed. The 64 Flybridge has a very comfortable flat running attitude at cruise speed, so is a joy to take longer trips on. It is the perfect yacht for Keys and Bahamas Getaway adventures. Hydraulic teak covered swim platform supports the Williams 325 Jet Tender that conveys with the boat.

The three stateroom, two head layout with full crew quarters allow it to be owner-operated depending on your needs. Her profile is one of the sexiest looking 60+ yachts on the water, and the Abaco Blue painted hull instantly catches the eye and holds it. Full teak decking on main deck and the flybridge, offer a warm contrast, and a comfortable foot-feel.

New stamoid covers for all exterior cushions including aft cockpit & table, flybridge seating & Table and bow cushions for protective storage when not in use. Dual helm stations, both equipped with the Xenta Joystick System, and bow and stern thrusters make her surprisingly nimble and responsive to maneuver and dock in marinas. The boat is equipped with color-changing underwater lights at both the stern and at midship both port and starboard sides under the full beam master stateroom windows. Upgraded incredible Stereo sound system added to the boat with dual amps, & new speakers for exterior entertainment. Bose Surround-Sound in the main salon as well for TV viewing.

New Chiller was replaced in the last year for the chilled water A/C system that is much more efficient than individual A/C units and much quieter and comfortable. New retractable flybridge sunroof was installed.

UPDATE: New bottom paint and zincs, May 2019. All exterior cushions being recovered, and dinette seating cushions recovered on interior by June 2019

DETAILED INFORMATION

Accommodations

This 64' Azimut Flybridge is one of the nicest on the market equipped with all the options and recent upgrades! She features twin SeaKeeper M8000 gyro stabilizers, and twin Caterpillar C18, 1150 horsepower diesel engines, she not only performs and is quick for a large yacht, but is completely comfortable at a 29 mph cruise speed, or at anchor. Very comfortable flat running attitude at cruise speed, so is a joy to take longer trips on. It is the perfect yacht for Keys and Bahamas Getaway adventures. Hydraulic teak covered swim platform supports the Williams 325 Jet Tender that conveys with the boat. She features a three staterooms layout with full crew quarters allowing her to be either owner-operator or captained, depending on your needs. Her profile is one of the sleekest looking 60' plus yachts on the water and the Abaco Blue painted hull instantly catches the eye and holds it. Full teak deck on main deck and the flybridge, was just refinished to offer a warm contrast, and a comfortable foot-feel. New stamoid covers for all new exterior cushions including aft cockpit & table, flybridge seating & table and bow cushions for protective storage when not in use. Dual helm stations, both equipped with the Xenta joystick system, and bow and stern thrusters make her surprisingly nimble and responsive to maneuver and dock in marinas.

The boat is equipped with color-changing underwater lights at both the stern and at midship both port and starboard sides under the full beam master stateroom windows. Upgraded incredible Stereo sound system added to the boat with dual amps, & new speakers for exterior entertainment. Bose Surround-Sound in the main salon as well for TV viewing.

- (2) Powder extinguisher with nozzles, 12kg, on the engines and marine gear

Fuel System:

- (2) steel tanks (515-gallon) capacity Electronic diesel level gauge on Motronica display for the port tank Optical level gauge on starboard diesel tank Filling on each walkway, and venting on the bulwarks (2) Single filters

Fresh Water System:

- 258 gallon stainless steel tank beneath the fore tray
- Level sensor with electronic gauge on Motronica display
- Filling on the starboard side walkway
- 21 gallon water heater 220V-1200W
- Pressure pump
- Hot and cold water in all the bathrooms, galley and platform shower head
- Cold water in engine room, cockpit and flybridge
- Fresh water toilet flushing

Black Water System:

- 1 tank with 385-liter (101.7 gallon) capacity in fore area
- Level sensor-tank drainage is controlled manually from the wheelhouse
- Vent on bulwark, with anti-odor filter
- Tecma toilet
- Drainage from pier, on port side walkway

Gray Water System:

- Water drainage into tank 52 gallon capacity in fore area
- Level sensor with automatic pump and alarm control from the wheelhouse
- Water drainage via manifolds (24V membrane pump)
- Additional tank in polyethylene beneath the crew cabin
- Level sensor with automatic pump activation

Engine Gas Exhaust System:

- Submerged discharge system with minimum external by-pass
- Stainless steel drainage manifolds
- Structural mufflers in GRP

Sea Water System:

- Engine cooling with 2 dynamic 3" seawater intakes with filter and valves
- Generator cooling w/ seawater intake filter and valve submerged outlet
- Air conditioning cooling with 1 dynamic sea- water intake with filter and valve submerged outlet
- Chain wash pump with 1 dynamic sea- water intake (1") with valve

Ventilation System:

- Head extraction system via 24V gas extractors with control in head
- (2) fans and 2 extractors with flow diverter in engine room

Air Conditioning System:

- Condaria cooling system for air conditioning, World version - 92,000 BTU
- A/C Compressor - single compressor in engine room, on port side of generator

Fan Coils:

- 6,200 + 14,800 BTU for the salon + dinette
- 16,000 BTU for the galley
- 16,000 BTU for the wheelhouse area and windscreen
- 9,200 BTU for the owner's cabin, with delivery in owner's head
