SPECIFICATIONS

Overview

SCARENA is a high-quality yacht built by Jongert and one of the safest and most comfortable cruising yachts in her size. She was built for an experienced sailor with the best materials chosen, has a huge extra list and incorporates a host of cleverly-engineered design features. This cruiser, with its modern-styled aluminium superstructure and steel hull, aluminium tapered mast and park avenue boom gives her powerful sailing performance, backed by a strong Mercedes engine. SCARENA features a clever and practical deck layout. Her aft sailing cockpit, particularly well-designed and equipped, has an excellent view over the deckhouse. An appealing sun-bathing area stands between the two cockpits. Forward, the spacious center cockpit with navigation area has a hardtop integrated above the deckhouse, which slides by a pushbutton to the stern to shade and protect the entire seating area. The cockpit can be either completely enclosed or, with an additional sun canopy, the whole spacious cockpit and aft deck can be converted into an airy leisure area. The extra-large aft garage provides ample space for dinghy storage with dive compressor and equipment etc. Below deck, her elegant and generous interior includes a saloon amidships with spacious dining area, an aft luxurious master stateroom with underwater panoramic window, and three comfortable guest cabins, all en-suite. In contrast to the saloon with teak woodwork, the cabins are finished with Elsberry wood. A completely separated crew area is located in front of the saloon. SCARENA presents a lot of impressive details to maximize the comfort of guests onboard, such as a special noise/heat/vibration insulation throughout the yacht, dry exhaust on main engine and both generators for silent operation, air intake for ship ventilation in the mast for dry and clean air. SCARENA is a remarkable example of good design and immaculate construction standards. With her tall cutter rig and her low-profile deckhouse, she's one of the sleekest Jongerts ever built. Not only does she has excellent sailing performances, but she also offers luxurious comfort with interior volumes equaling facilities to many much larger sailing yachts. Following her substantial refit in Palma de Mallorca for more than 1.5M € in the years 2016, 2017 and recently 2018, the Jongert 2900M SCARENA is now back for sale and represents a great value proposition for a discerning sailor.

Basic Information

Category: Sloop

Sub Category: Cutter

Model Year: 1995

Year Built: 1995

Refit Type: Full
