SPECIFICATIONS

Overview

A minimally used and expertly-maintained Pershing with a full time Captain and stew, her hull and superstructure are painted in a sleek charcoal metallic, and she has 590 engine hours. She is a 2 stateroom version featuring a lower salon.

Not only are the windows on #ForAPlay bright and expansive, but the electric sunroof opens and the aft deck windows and doors disappear into the hull so that the entire salon can be opened to the sky and sea. The salon table can be raised or lowered and extended for 6 guests. A custom Pershing dining set for 6 is included, with custom built storage cabinets. The main salon television is an upgraded 40" Samsung, identical to the downstairs salon and the master stateroom. Flooring is a light driftwood gray and upholstery is a beige leather, both factory upgrades.

Helm station is located forward in the salon, with two Poltrona Frau leather seats, and a Poltrona Frau leather wrapped steering wheel. Stylish carbon fiber dashboard panels, and digital LCD control panels blend the driving area effortlessly into the surrounding living area, while allowing the operator 360 degree navigational views.

Style and efficiency coordinate in a Pershing. The downstairs mezzanine features a galley with fridge and freezer, dishwasher, microwave, electric cooktop and portholes for fresh air and natural light. Adjacent is the day head and second living area, or dinette; it also converts into a bed. Washer/ dryer located under the stairs.

The full-beam master cabin located amidships, features generously sized windows, digital a/c and a/v systems, plenty of storage, mini-fridge, and a double bed with upgraded bedspreads and pillows. Lacquer-finished furniture in a medium gray tone complements the lighter wood, ivory walls and headliners. Mosaic tile upgrades in both bathrooms. The master bath has a separate toilet room and shower on either side of the sink, with crystal doors to provide privacy. Shower features include a rain shower head.

VIP cabin is located at the bow, with bright porthole windows for natural lighting, a double bed, TV, digital a/c and a/v systems as well as an ensuite head with crystal shower door.

Crew access for single crew member, located under the cockpit sofa. Head/bed and storage lockers.

Basic Information

Category: Motor Yacht

Sub Category: Express

Model Year: 2016

Year Built: 2015

Country: United States

Vessel Top: Electronic Sunroof

- WC brush holder

CREW CABIN

- Access from cockpit sofa
- Built in LED ceiling lights
- Digitally controlled A/C system
- Electric WC in porcelain
- Extractable shower with mixer tap
- Folding stainless steel sink freshwater hot / cold
- Hanging lockers with door and mirror
- Light switches soft touch panel
- Locker with lacquered doors with clothes rack and mirrors
- Manual aluminum Venetian blind
- Opening porthole in stainless steel and tempered glass with hook
- Single bed
- Structural GRP floor covered
- Toilet brush holder
- Toilet roll holder
- Towel rack

TECHNICAL AREA

ENGINE ROOM

- A/C unit
- Air intakes
- Sea water basket filter for engines, power generators, A/C pumps, services and fire extinguishing system (7)
- Coupling joint between adaptor and SR flange (2)

- Diesel engine MTU 10V 2000 M84 1381 mhp (2)
- E/pump A/C
- Electric extractor (2)
- Engine exhaust muffler (2)
- Generator manifold and gas separator (2)
- Hydraulic oil heat exchanger
- Hydraulic steering oil tank
- Hydraulic unit for gangway, swim ladder, garage hatch and aft door
- Hydraulic unit for platform, trims, trim tabs and steering
- Light switch
- Power generator 13 kW - 230 mono - 50 Hz with soundproof housing
- Protective cover added to coupling
- Stainless steel engine exhaust raiser (2)
- Thermal acoustic insulation
- Waterproof camera interfaced with bridge (1)
- Waterproof fixed explosion-proof neon light (4)
- Wooden plank ribbing/PU covered in anti slip material

PROPULSION AND MANOUVERING EQUIPMENT

- Electric bow thruster (10,7HP)
- Hydraulic steering
- Hydraulic trim tabs (2)
- Nickel - Aluminium - Bronze surface propeller 6 Blades (2)
- Surface drive system with trim (2)

SYSTEMS

- Fresh water system
- Boiler 30 lt - 230 V
- Fresh water inlet from water tank
- Fresh water pump
- Fresh water tank (740 lt)
- Level sensor
- Shore fresh water intake with pressure regulator
- Sea water system
- By-pass valve for emergency bilge discharge from engines (2)
- Dynamic seawater intake (4)
- Fire extinguishing and chain wash e/pump
- Sea water basket filter for engines, power generators, A/C pumps, services and fire extinguishing system (7)
- Seawater outlet for chain wash and fire extinguishing in forward

locker

- Grey water system
- E/pump main tank discharge
- Level sensor
- Manifold by-pass for emergency grey and black water pump discharge
- Polyethylene tank (120 lt)

Black water system

- E/pump tank discharge
- Level sensor
- Polyethylene tank (208 lt)
- Fire extinguishing system
- Emergency engine shut down remote control

-
- Manual /automatic extinguisher in engine room FM200
 - Manual powder extinguisher 2 Kg in engine room
 - Manual powder extinguishers 1 Kg (1 for each room)
 - Manual powder extinguishers 6 Kg (1 in the cockpit)
 - Air Conditioning system
 - A/C in all cabins and upper saloon (bathrooms excluded)
 - Compressor for Mediterranean
 - A/C main unit

Electrical system

- Batteries cut-off
- Battery starter for engines (4)
- Emergency parallel connection between services batteries and engines starter
- Engines batteries charger
- Generator battery
- Ground bonding system all along the hull joined to the anodes protection (zincs) on the transom
- Main electric panel with magneto-thermic switches
- Power shore socket 63A
- Services battery (4)
- Services battery charger
- Shore socket and loose cable
- Socket (1 for each room) 230 V
- Switchboard in corridor for access master room
- Voltage measuring instruments 24
- V/230 V

Fuel system

- Electronic fuel level remote indicator in dashboard
- Fuel decanter filter (2)
- Manual fuel discharge/load drainage pump
- Structural GRP tank (3200lt)
- Visual fuel gauge

Bilge System

- Automatic/manual immersion
- E/pump for bilge discharge in each watertight compartment with level sensor
- E/pump with valve system for the separated or joint bilge system centralized suction
- Emergency engine room bilge system discharge through engines intake suction

Exclusions

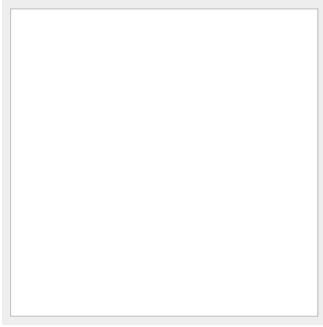

Owner's personal belongings.
