SPECIFICATIONS

Overview

The 285 Conquest was updated in 2011 and is very thoughtfully appointed, offering premium comfort and features for active day trips and overnighting. These updates include better helm visibility, an enhanced port lounge and more storage throughout. The cabin sleeps four with a plush forward V-berth/dinette and a mid-cabin double berth. The Main cabin features the optional TV, a deluxe galley and a private head deliver the comforts of home. The Hardtop and glass enclosure provide not only good visibility but very good protection from the elements. This boat is kept in "Pristine" condition and would be one for even a "New" boat buyer to take a look at. Optional Equipment include the Bow Thruster, Helm Deck Table, Cockpit Foldout Bench Seat, Air Conditioning, Premium, Cruising, and Entertainment Package

Hull and Deck Information

Hull Material: Fiberglass

Hull Color: White

Engine Information

Engines: 2

Manufacturer: Mercury

Model: Verado

Engine Type: Outboard

Fuel Type: Gas/Petrol

DETAILED INFORMATION

Cabin

As we move down below, immediately to port is the galley with the usual amenities of microwave, single burner stove, sink and refrigerator. The single burner stove is part of the optional cruising package that also includes a dockside hook-up to the water system, and a water heater. Natural light comes in through hullside port lights and an overhead skylight. The ship's electrical panel is located right next to the microwave. Just aft is a mid-berth measuring 4' x 6' with a variable geometry overhead running from 1'9" to 2'5" and topping out at 4' at the entry. There's a leather headboard with storage just behind. Forward is a U-shaped settee with rod storage overhead and the rod holders flip-out of the way when not in use. In the center of the settee is a dinette table with extended leaf. In the collapsed position the leaf support doubles as a stainless grab handle. This entire area converts to a berth quite easily by lowering the table, extending the table, and sliding the cushions towards the center. On the aft bulkhead are flip-down garment hooks. To starboard is a wet head that is roomy enough to serve its purpose. The Head is completely fiberglass lined with plenty of storage and Boston Whaler went with a VacuFlush toilet as standard. On the aft bulkhead is a hatch leading to the backside of the helm console for service and installations.

- 12-V receptacles (cabin and mid berth)
- Cabin lights (5)
- Carbon monoxide detector
- Dinette table with gas-assist base
- Drink holders (3) (forward berth)
- Easy clean interior materials
- Forward berth cushions with backrest
