ХАРАКТЕРИСТИКИ

Обзор

CURRENT ASSET was purchased in January '19 by her current owner. After spending the winter months here in S. Florida, the boat spent the summer in the NE area and returned here to be sold. The boat has an excellent captain, is well maintained and was built by Ferretti Group for the US market.

The F870 is special due to its' "true" country kitchen layout which is a unique find on any European motor-yacht. The 4 stateroom - 5 head layout offers huge volume and the size & amount of windows present excellent natural light throughout. There are less than 1400 hours on her T-MTU 1948hp engines and the 1000 hour service has been completed.

CURRENT ASSET has all the right options including gyro stabilization, water-maker, tender, FLIR, U/W lights, twin generators, bow & stern thrusters, cockpit controls and more....

Located in Fort Lauderdale, CURRENT ASSET is easy to show and priced to be the best value in this size and style!
