## Overview

---

Rover is a Prowler Havana and is a great example of the Marlow Prowler series with state of the art electronics and high performance Mercury 400HP Engines. This Prowler is technically a center console open fisherman, similar in concept to a dozen others, however, that is where the resemblance stops. This new thoroughbred features sexy lines and cockpit volume that none of her competitors can even hope to match. The graceful tumblehome and classic lines are unmarred by a single gratuitous bulge or bump. Though one normally expects nothing more in an open fisherman than a porta potty or, at best, a small cramped place under a seat or

console, surprisingly this new development from the bright minds at Marlow features a very large air-conditioned head complete with a sink and granite counter, plenty of natural lighting,

and ventilation, with over six feet of headroom! That is just the beginning of an almost unbelievable level of comfort we have achieved with this lovely work of art. The Havana also features a comfortable cabin equipped with large vee berths, comfortable opposing settees, storage lockers, and a nice little galley and TV. Natural light and ventilation are plentiful on this vessel complete with an inverter and Air-Conditioning.

Powered by twin 400HP outboards, she is smoke free and very quiet. Wind noise only becomes a factor at 30-40 knots. Offering a large fuel tank and generous liquid capacities overall, Rover can go from Florida to the Bahamas and even return, without refueling! The Modified V hull will let you cruise comfortably at more moderate speeds than a Deep V fishing machine. The flatter aft section provides excellent stability at rest. She is perfect for going to the Yacht Club for dinner or running to the Gulf Stream for a day of fishing. Rover has a very shallow draft and

runs fairly flat whether cruising fast or slow. Rover has fantastic cockpit space and seating, with full walk around capability, makes her perfect for a couple to dock with ease. She has fish boxes below deck and storage areas for all of the accessories you want to bring with you. She has a large oval live well and is set up with outriggers many rod holders.
