## COMMENTS

---

M.Y. FRAMURA 3 was the first Codecasa Shipyard 50 meters open motoryacht to be built and delivered. Similar to the CODECASA 45s, this yacht is also able to guarantee very high speed performances reaching a top speed of 28 knots at light displacement conditions, thanks to her two 80 S III KA.ME.WA. waterjets and her 71 B III KA.ME.WA. central booster.

Like the CODECASA 45s, M.Y. FRAMURA 3 is also equipped with a zero speed gyroscopic stabiliser system, manufactured by the Australian company Ship Dynamics that optimizes the comfort on board. Andre Bacigalupo is the Naval Architect who designed the bottom lines and the Exteriors of the Yacht. As to the Interiors, they were designed by Architects Franco and Anna Maria Della Role, trusted collaborators of Codecasa Shipyards since many years, who strictly co-operated with the Owning Company's Interior Designer.

## AWARDS
