Overview

The concept of shared ownership of a luxury asset such as a Yacht is based on bringing like-minded individuals together with a common cause. That is to distribute the large capital outlay of buying into such a desirable lifestyle. Owning a 1/3 share of such a vessel brings with it the access, service and convenience of private ownership while still meeting your family travel needs. And typically for the same number of days we see with individual ownership.

Discover how you too can forego the day-to-day logistical concerns of ownership as your dedicated Concierge Service handles crew management, Port fees, maintenance, insurance and more. All aspects of ownership are managed by a seasoned team of professionals who have developed the platinum standard in shared yacht ownership.
