DETAILED INFORMATION

Introduction

Happy Life is a semi-displacement motor yacht, constructed in aluminium, and capable of a 17 knot top speed. Happy Life is 42.5m in length and thanks to her interior layout, is suitable for both charter and private family use.

Unusually for a yacht of her size, Happy Life offers accommodation for an impressive 16 guests. There's a large full-beam owner's suite on the main deck, and this has a separate children's cabin within it, and Happy Life's guest accommodation is found on the lower deck, comprising three VIP suites and three guest cabins.

The interior features light veneers with a contemporary interior styling, and Happy Life's decks are laid with teak.

Happy Life's saloon and dining area are found on the main deck, with a sun deck forward, and on her upper deck there's an observation lounge with a bar, an owner's study with conferencing facilities, and an al fresco dining area to aft.

Completing Happy Life's tri-deck arrangement is the sun deck, where there's plenty of space for relaxing and an inviting Jacuzzi. Naturally, this spacious flybridge is a popular area with guests.

Happy Life underwent a refit in 2013 at which time, a full service of her main engine and generators was conducted, as well as a lift-out for ABS inspection.

Happy Life carries a RIB and a jetski on her upper deck, deployed and recovered by crane.

Main Features

- Zero speed stabilizers
- Accommodation for 16 guests
- Teak decks
- Four crew cabins + Captain cabin
- Sun Deck with sun lounger and Jacuzzi
- Owner's Suite includes an additional twin cabin with bathroom
