SPECIFICATIONS

Overview

A wonderful example of this very popular cruising yacht!!! "Carpe Diem" has been cruising the West Coast of Florida for the last six years and before that she was on freshwater in Kentucky for 3 years before she was shipped to Southwest Florida... From her spacious cockpit with integral arch, to her bright open interior, this yacht exemplifies what Hunter Marine is famous for, design innovation and structural engineering. Coupled with an unparalleled list of standard features and an extensive list of optional equipment, they create a comfortable and exciting craft. Here are some of the Key Features of "Carpe Diem": Complete Engine Service 2019 New Shaft Seal 2018 3 New Hatches 2019 New Custom Dodger 2019 New Bimini in 2015 New Bottom Paint in April 2016 NEW 2017 Dometic Reverse Cycle Air Conditioner, with Quick Start NEW 2017 Raymarine eS75 Chartplotter, Radar and Sonar ready NEW 2017 Raymarine i50 Tri-Data instrument NEW 2017 Raymarine i60 Wind instrument NEW 2017 Raymarine EV 400 Autopilot NEW 2017 Standard Horizon VHF with Ram Mic at helm Electric Winch on cabin top Two New 8D House Batteries (2019), separate starting battery (2017) and Link 2000 Battery monitor NEW 2017 Xantrex 2012 Inverter/Charger NEW 2015 Full Batten Mainsail Jib re-furbished 2015 by Doyle Sails NEW 2014 Ullman Stack Pack for main NEW 2014 Harken Batt Cars for mainsail NEW 2015 Garhauer Davits West Marine Inflatable and 3.5 Nissan Motor Check out Full Specifications for all the details and more... Here is some of what Boat US had to say about the Hunter 410: "Introduced in 1998, the Hunter 410 was the product of the company's in-house design team and is aimed at providing the maximum people accommodations that can be packed into her 40' 8" overall length. Buyers could choose from a two- or three-cabin layout sleeping either six or eight persons. The three-cabin layout was particularly popular with the charter trade. Original purchasers were also able to choose a shoal draft keel configuration drawing just 5' or a deep draft model drawing 6' 5". The design style is what I would call American contemporary and may not appeal to the more traditional minded but it certainly has a loyal following. Like most modern production boats, the Hunter 410 is constructed with an exterior coat of vinylester resin to hopefully eliminate the osmotic blisters common to many manufacturers in the 1970s and 1980s. Vinylester resins have been used in exterior coatings of most entry level fiberglass boats for nearly 10 years now and in coatings of custom and high-end production boats for even longer. It seems to be doing its intended job as osmotic blisters have been dramatically reduced. The 410's hull below the waterline is a solid layup of alternating layers of chopped strand fiberglass mat and woven roving fiberglass cloth and polyester resin. Above the waterline, a 3/8" balsa wood core is used between fiberglass laminates for stiffness and lighter weight. Decks are a composite of fiberglass and plywood core except aluminum plates replace the plywood in the way of hardware attachments. The deck and hull are joined with an out-turned flange, bolted on six-inch centers, sealed with 3-M 5200 and covered with a heavy duty vinyl extrusion. The cockpit of the Hunter 410 is very comfortable with deep seats, high seat backs, good storage in the seat lockers and additional storage in lockers on the sugar-scoop transom. There are no fewer than 11 opening ports and deck hatches which provide excellent ventilation and there are six large port lights allowing light below....."

Basic Information

Category: Cruising Sailboat

Model Year: 1999

Year Built: 1999

Country: United States

Dimensions

LOA: 41' 0" (12.50m)

LWL: 37' 10" (11.53m)

Beam: 13' 10" (4.22m)

Max Draft: 5' 0" (1.52m)

Clearance: 58' 5" (17.81m)

MFG Length: 41' 0" (12.50m)

Speed, Capacities and Weight

Displacement: 20200 Pounds

Water Capacity: 145 Gallons

Holding Tank: 45 Gallons

- Swim platform with stainless ladder
- Hot and cold pressure water shower on transom
- Dockside freshwater hook-up
- Folding cockpit table
- Cockpit cushions
- Two coaming line storage wells
- Manual bilge pump

Manufacturer Provided Description Hunter Marine's evolutionary innovation shows in the Hunter 410. Backed by over 25 years of experience, the 410 really delivers. The spacious salon includes everything to make cruising a comfortable experience. Plenty of hatches and ports keep the salon bright, airy and well-ventilated. The highly polished dining table is central to entertaining and serving meals. Elegant fabrics and rich teak combine to create a warm and luxurious atmosphere. A separate navigation station houses all electric controls as well as providing plentiful space for electronics. The aft head includes a stall shower, Corian vanity, and lots of storage. Dual access to the large head keeps it private yet convenient. Aft, there is a master stateroom that features a huge queen berth, hanging lockers, and a host of storage facilities right down to the hanging carry-on closet. Lighting and ventilation is excellent and there is full head room as well. Forward, the full size stateroom has its own en-suite head, overhead hatches, and more drawers and hanging lockers than found on much larger yachts. The starboard side galley is very open with large, wide Corian counters, three-burner range with oven, microwave, triple access refrigerator-freezer, trash receptacle, and plenty of storage. Even the dishware and rack are included. Comfort, convenience, and utility were Hunter's design goals and the new 410 meets them head on. Hunter Marine's keel boats are the backbone of the Hunter fleet. These spacious and comfortable cruisers are incredibly appointed from the rich fabrics to the top-grade hardware. Hunter Marine Corporation was founded in 1973 to build truly affordable sailboats and is now Marlow Hunter Marine. **Broker's**

Comments: The current owners purchased "Carpe Diem" in 2010 in the Chesapeake area, shipped her to Kentucky Lake for 3 years, and then shipped her to Punta Gorda in August 2013. Since the boat has been in Southwest Florida she has been upgraded as you can see, and

actively sailed throughout the local waters and the Keys.. "Carpe Diem" is priced below the market, her owners are moving down to a smaller sailboat or possibly a powerboat as they are not going to be able to cruise as much going forward.

Exclusions

Owner's personal belongings.
