Overview

Negotiable Great Cruiser

WHITE STAR is an Ed Monk designed family cruiser with timeless classic lines. With her galley located on the main deck, 2 staterooms, walk around decks, dual pilothouse doors and easy entry from the water, she is a great cruising platform who is a true head turner.

She was ordered by her original owner sans teak deck, which is true blessing. The non skid decking allows for good gription even when going forward on the walk arounds. The only exterior teak are the rails and the dual sliding glass doors. These are currently natural wood.

The aft deck area is perfect for sitting and contemplating life, a quiet cocktail or two or an easy way to carry extra inflatable water toys. There is room to add dive bottle holders etc. The fiberglass swim platform has S S Weaver davits with hydraulic lifting. One does not need to remove the out board from the dinghy when lifting into position.
