Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Volvo

Model: IPS 600

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Cockpit/Swim Platform

- The swim platform on the 46 is one of her highlights. The platform drops down to create a great teak beach perfect for diving and swimming or chocks can be added to store a small tender.
- The transom also has a small galley area with a Kenyon grill and freshwater sink.
- Below the galley area is a storage compartment great for all your water toys and dive gear.
- Just below the starboard steps is access to your 50 Amp shore chord that is on an electric reel. To port is your freshwater shower and manual bilge pump access.
- As you make your way up the steps on either side of the transom you will find 2 electric recliners that lay almost completely flat with the push of a button.
- The 4-piece glass sliding doors collapse to either side revealing the entire helm deck and making one huge indoor/outdoor space. The side windows and sunroof all open electronically to really transform the 46 into an open boat. When she is all closed up you can enjoy the comfort of the AC in this space.
- The teak table folds for easy passage through the cockpit, or it can be opened up and the seating falls nicely in place to create a large dining space.
- On the port side is an additional stainless refrigerator.
- The bow area offers yet another area to entertain and relax in the sun and features a very large sun pad. The back rests flip up to create lounge chairs that are very comfortable when underway.

Helm

- The helm on Persistence is located on the starboard side and features a very nice helm seat with additional forward seating to port. The single piece windshield gives excellent visibility with nothing to impede the view.
- The helm has additional AC vents pointing at the captain to ensure comfort while underway.
- Centerline on the helm is the touchscreen Simrad display that displays the engine data as well as the plotter, radar and autopilot. The Sound system is all configured into the Simrad monitor as well.
- The port side of the helm has a separate Volvo display which gives all engine readings on a color LCD screen.
- The optional bow thruster control is located to starboard just below the various switches for lighting and windshield wiper switches.
- The YachtController switch is located just above and allows the captain to maneuver the boat with a wireless remote as he moves around the vessel.
- The IPS joystick and electronic engine controls are ergonomically situated just

outboard of the helm seat and make operating the 46 very comfortable.

Galley

- The galley is located to port as you enter the cabin and features all the must haves for short day trips and longer voyages.
- There is a double basin sink with matching countertop covers to create more prep space when not in use.
- The Kenyon cook top has 2 burners and is a glass top version.
- The Danby microwave is located just over the sink and the other overhead cabinet is additional storage space.
- Below the countertop are 5 additional cabinets providing ample storage space.
- Just aft is the separate fridge and freezer covered in matching veneer.
- The port hole and glass overhead hatch provide lots of natural light for this space as well as the salon.

Salon

- The salon on the 46 GT is an open concept with the galley and makes one nice open space when entertaining guests.
- There is an additional dining area in the salon and the table collapses down to make a 3rd berth.
- Just above the salon sofa are 4 storage cabinets with additional open shelving below.
- Across to port is the Samsung flat screen TV with a Bose surround sound system throughout the cabin.
- Access to the day head is also to port and it features a separate stall shower, basin sink and additional storage.

VIP Stateroom

- The VIP stateroom is located forward and features a beautiful queen berth with custom bedding. The bed scissors apart to create 2 twin berths and is great for small children.
- There is plenty of storage throughout with 2 lockers to starboard and an additional locker with shelves to port.
- The Samsung TV and Fusion stereo control are mounted on the aft bulkhead next to the digital Cruisair thermostat.
- There are 2 opening port holes and large hull side windows with an additional overhead hatch that allow for plenty of light in the VIP.

Master Stateroom

- The full beam master is located aft and has breathtaking views of the water through her large hull side windows.
- The queen berth is centerline and is outfitted with custom bedding and decorative pillows.
- There is a small seating area to port and 3 huge storage lockers to starboard.
- The hanging locker is located on the port side just forward of the flat screen TV.
- The master is also outfitted with a separate Bose system and Fusion remote control.
- The head in the master is en-suite and has a separate stall shower, beautiful teak sole, and basin sink.

Engine Room/Mechanical

- Volvo IPS 600s - 435 HP - 181 Hours.
- Brand new AGM batteries as of November 2019.
- Maintained weekly by local management company.
- Cummins Onan generator - 7.5 kW - 189.3 hours
- 2 Cristec battery chargers 25 and 40 Amp.
- Marinco Pure Sine Wave Inverter - 700 Watt
- Extremely spacious engine room with plenty of space to do daily checks and move about the in board and outboard sides of the mains and pod drives.
- Engine Serial Numbers: Port - A602701, Starboard - A602700
- Generator Serial Number: D160940464
- IPS Model - 21866032

Exclusions

Owner's personal belongings.
