SPECIFICATIONS

Overview

The FAREAST 26 started the successful partnership between Fareast Yacht Builders and yacht designers Simonis-Voogd. This high-performance cruiser where quality and performance reigns supreme while maintaining its ability to meet all other requirements. Your interest can be racing or cruising, the flexibility of the FAREAST 26 design allows you to enjoy all that in one yacht. With a well thought out deck layout and ergonomic cockpit design offering maximum safety and protection, the FAREAST 26 becomes a real pleasure for everyone to enjoy sailing. The modern concept of the yacht with its raised topsides makes it a dry yacht to sail even in rougher conditions normally left to much larger yachts to tackle. The FAREAST 26 makes sailing as easy and comfortable as it can get; from transporting it on a trailer behind your car to sailing out of the harbor, launching and rigging can be done within an hour.
