## Overview

---

### Manufacturer Provided Description

Simply stated, we designed the 330 to set a new benchmark in cruisers. The end result has exceeded even our highest expectations. The 330 is our first cruiser to offer two completely different cabin interior options. Depending on how you like to live life on the water, the choice is yours. In the cockpit, helm seating includes a captain's bucket with armrest controls and a dual companion seat. Onboard, the standard fiberglass hard top is stylish, functional and perfect for all-season boating. For added security, a toe rail is integrated into the deck and all the accent lighting is recessed. The 330 sports an impressive array of standard equipment yet can be customized with an options list that features a foredeck sun pad, a cockpit gas grill and a sound system upgrade.

## Basic Information

---

**Category:** Cruiser
