## Overview

---

"*Illusion*" is a beautiful 87' Johnson that has been updated throughout her life, and is now standing tall with a refit in 2018/2019 and many impressive upgrades. This yacht has never looked so good; if you are in the market for a great value with one of the biggest 87' yachts, feel free to make an appointment and get onboard as she is easy to see in Ft. Lauderdale.

For starters, she boasts a very generous beam of almost 24' which is wide for vessels of this length and maximizes square footage. She has a spacious interior with a large salon, (4) staterooms, a luxury dining area, alfresco dining aft with enclosed sunshades, a large galley, on-deck day head, and an on deck, full beam master stateroom.

She provides comfortable walkways around the entire exterior from stern to bow. The larger-than-life sun pad will accommodate you and all your guests so you can soak up the sun while sipping cocktails and listening to your favorite island music together.

### Key Features: 2019

- **Full Hull Paint Job Completed 2019 with Ceramic Coating on Deckhouse**

## Aft Deck

---

The teak aft deck of "Illusion" is the second best entertaining space onboard. The layout was designed as a great spot for dining or lounging. There is a new flat screen TV above and two storage cabinets with wood counter tops, a sink, fridge, and ice maker flanking either side of the stainless steel sliding glass doors.

The high gloss wood table has two sections; open in the center so that guests can easily move in and out of the wrap around U-shaped bench seating plus two teak chairs without asking others to slide out of the way. The flybridge deck extends over the aft bench seat and has custom sun/rain curtains so there is more protection from the elements.

There are two stainless gates that protect guests from the accessing teak stairways to the swim platform. There is a molded fiberglass stairway with teak steps to the flybridge and forward access to the bow is easy with covered walk-around side decks. Warping winches at the aft cleats make line handling at the dock easier.

### Cockpit Control Station:

---

## Salon

---

The salon entrance is through wide stainless steel sliding glass doors from the aft deck, with even more glass windows above the aft deck cabinets to let in natural light. The room was designed to give a great feeling of space and with such a wide 23'6" beam, the room is massive for an 87 footer. There is a custom overhead design with LED lighting above.

Couches to both port and starboard plus two leather occasional chairs forward give seating for plenty of guests. The windows are large for a great view and to let in natural light, but with the covered side decks the drapes can be open more often, without the sun overheating the area. At the aft end of the salon to one side is a television entertainment center and to the other is a bar over fridge and ice maker.

The formal dining area is partially separated from the salon room to both sides going forward. The table is glass for easy care and there are chairs for eight which were recently redone. Storage cabinets to the forward side port and starboard gives plenty of room for dishes and tableware. New art work and soft goods were installed in 2019.

Walking forward through the salon on the starboard side, you will come into a foyer with granite flooring. To port is a day head with a granite counter top sink. Walking forward of the day head, past the raised pilothouse and the stairs to the lower deck, is the entrance to the on-deck master.

---

## Galley

---

The galley is well appointed on the main deck port side, with its own door to the side deck to make serving meals on the aft deck, bow pad, or the flybridge more convenient. There is also a privacy door from galley to the Salon.

The floor of the galley is in black granite tiles and the counter tops are black and tan granite. The layout has ample counter space for meal preparations for guests and family.

## Flybridge with Hardtop

---

The flybridge is an amazing space: the combination of her fiberglass hardtop and wide beam provide an excellent entertaining platform.

Access is from either the fiberglass molded teak covered steps from the aft deck, or from inside from the pilothouse.

To starboard is a high gloss burlwood table with wrap-around bench seating. Across is

a full bar with three stainless bars tools. The bar has a sink, refrigerator and ice maker all redone in 2019.

All the soft goods were redone in 2019 along with four new teak custom sun lounge chairs. There are also two new Deluxe Wave Runners by Yamaha.
