SPECIFICATIONS

Overview

The Azimut 85 is stately, luxurious and panoramic. A concept elaborated by Stefano Righini and Carlo Galeazzi that evolved into a villa on the sea. SEA HAWK features intelligent architecture that is easily adaptable to a range of requirements and moods, from intimate to exuberant. The main deck works beautifully as an integrated whole, with open galley and raised helm seating area within view of the salon. Ample windows on both decks, dilated volume and an “original” layout are only a few of the many assets on this gorgeous Azimut 85’ flybridge. SEA HAWK had a major refit in 2012 of both interior and exterior and has cruised extensively through Mexico and the Pacific Northwest.

Basic Information
