Fuel Type: Gas

DETAILED INFORMATION

Overview

Manufacturer Provided Description

We've unveiled the industry's first true inshore/offshore fishing boat in the 25' category: our 251 XS. It has characteristics of a bay boat, but also has a proud bow and aggressive lines that allow it to be taken offshore easily. When you put our 251 up against other boats in the 25' range, there is no comparison. The 251 offers a draft of approximately 13" for backwater fishing; while the proud bow, hull design, depth and freeboard allow it to slice through offshore waves while keeping you dry. Beyond the stunning lines, ample fishing features and creature comforts Scout is known for, the 251 XS also showcases Scout's revolutionary T-top/glass enclosure, which was awarded a U.S. Design Patent in December 2009.

Exclusions

Owner's personal belongings.
