Fuel Capacity: 410 Gallons

Accommodations

Total Cabins: 2

Total Heads: 1

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Cummins

Model: 6BTA5.9-M2

Engine Type: Inboard

DETAILED INFORMATION

Manufacturer Provided Description

An all round seaworthy performer, the Grand Banks 36 Europa is capable of real deep water cruising. Long keel, 26,000 lb displacement, hard chine, and a deep forefoot hull provide stability and seaworthiness. The fiberglass Grand Banks 36 is also luxurious. Teak joinery work by old-world hand craftsmen gives a practical beauty above and below decks. The cabin soles are teak parquet throughout. The main decks and flybridge are teak planked. Extensive locker and drawer space are made out of golden Burmese teak. The upholstery and drapes are selected to complement the warm look of the surrounding teak. Whether you are motoring around the bay or you're hundreds of miles at sea, the quiet single Cummins diesel engine is made quieter by the use of special engine room sound insulation. This smooth, heavy-duty engine provide longrange economical operation. GRAND BANK 36: Successor to the wooden 36 introduced in the 1960s, these boats enjoy the improvements and refinements of over 30 years. Known for seaworthiness and a comfortable ride, they are efficiently driven at 8.5 knots. The vessel features wide side decks, spacious lazarette and dinghy storage. The Europa offers one-level living with a main saloon that opens to the deck and a protected cockpit. One stateroom is located forward. The GB36 is a living legend that has been refined to perfection.

Galley

- Force 10 stove and oven
- Panasonic microwave oven
- Cold plate refrigeration
- Large s/s sink
- Generous storage
- Stove vent

Electronics and Gauges

- ICOM M-120 VHF radio
