SPECIFICATIONS

Overview

The Silverton 352 Motor yachts employ the "Side Walk" deck configuration, which provides access to the fore-deck from both sides of the flybridge helm area. This allowed Silverton to give this model a full-beam salon area. Built on a solid fiberglass modified V-hull, the two stateroom and two head interior (both have separate stall showers) floor plan is arranged with a mid-level galley and dinette area. The salon offers a separate convertible sofa, and the built-in entertainment area to port. The flybridge offers great visibility and lots of seating. The aft deck area is enclosed with an isinglass enclosure, an ice-maker and a wet bar too. This isn't your typical 35 foot boat. Silverton gave a lot of thought into providing the room you will typically find in a 40 foot motor yacht. The 8.1L Mercruisers are rated at 390hp each.

Basic Information

Category: Motor Yacht

Sub Category: Aft Cabin

Total Heads: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Mercruiser

Model: 8.1L

Engine Type: Inboard

Fuel Type: Gas/Petrol

DETAILED INFORMATION

Manufacturer Provided Description

The Silverton 352 Motor Yacht follows the tremendously successful big sister 392. Silverton took all the features that made the 392 a hit and scaled them back to the 352. Silverton's unique 3SideWalk2 steps allow freedom of movement from the bridge to foredeck. Cumbersome ladders have been replaced by wide molded steps and a high toe kick. Sturdy oversize stainless steel rails will keep passengers safe and secure even in a seaway. The center console flybridge will accommodate a crowd, while the standard aft hardtop makes entertaining and relaxing easy.

Recent Updates
